KI-OTE SEED AND NURSERY CO.

SIoux FALLS, SOUTH DAKOTA, U.S.A.

1000 BUSHELS PER ACRE

Pkt. 5¢ Oz. 20¢

WORLD BEATER
WETHERSFIELD ONION
GROWING IN 34 STATES

The Best \$1.00 Collection Ever Offered.

We have arranged a collection of 35 vegetable sorts which is without doubt the best ever offered. The collection can be divided or changed, as they are already put up in packages and will be mailed on receipt of price. The price is NET, no extra counts and no EXTRAS.

Asparagus—Conover's Colossal.
Beet—Early Blood Turnip.
Beet—Imperial Sugar.
Beans—Early Red Valentine.
Borecole—Dwarf German.
Cabbage—Fottler's Brunswick.
Cabbage—Early Jersey Wakefield.
Cauliflower—Autumn Giant.
Carrot—Early Short Horn.
Celery—White Plume.
Sweet Corn—Early Cory.
Cress—Curled.

Cucumber—Early Cluster.
Cucumber—Giant Pera.
Egg Plant—Early Purple.
Lettuce—Early Hanson.
Leek—Large London.
Watermelon—Phinney's Early.
Musk Melon—Montreal Nutmeg.
Onion—Large Red Wethersfield.
Parsley—Curled.
Parsnip—Guernsey or Half Long.
Peas—First and Best.
Pepper—New Celestial.

Pumpkin—Cheese.
Radish—Early Scarlet or Rosy Gem.
Radish—Long Scarlet Short Top.
Salsify—White French.
Spinach—Long Standing.
Squash—Early Bush.
Squash—Hubbard.
Tomato—Early Red Cherry.
Tomato—Livingston's Favorite.
Turnip—Early Flat Dutch.
Butabaga—Dakota Gem.

Should you order the above collection, and also the \$1.00 collection offered by any other seedhouse in the United States, we invite you to weigh each dollar package separately, and see for yourself that we don't make a great blow on the number of packets we give you for a dollar, and then not half fill them, but they are "well filled" packets, containing about double the amount of seeds, usually put up by deceptive firms.

K-I-O-T-E SEED CO'S EARLIEST AND BEST.

In our Earliest and Best, we have a pea that has no superior in earliness, in fact we defy any seed house in America to produce a variety that will get there so early. Besides being earlier than all others, they are a heavy cropper, ripening very uniformly, which makes them the very best MARKET GARDENER'S pea in cultivation, as ninety per cent can be picked at first picking. They are of large size when ready for market and are of splendid quality. Are of a half dwarf, therefore do not require staking. MARKET GARDENERS, if you want to get the EARLIEST peas on the market, when they are always a big price, you will make a mistake if you do not order our EARLIEST and BEST. Pkt. 5c, 1/2 pt. 15c, pt. 25c, qt. 40c. Freight, pk. \$1.25, bu. \$4.75.

LIGHTNING EXPRESS CABBAGE.

There has never been an EARLY CABBAGE introduced, that has taken so well, and sold so rapidly as our LIGHTNING EXPRESS. Our sales last year were immense. Everybody wanted it, and our customers report GRAND SUCCESS with it again. There is no doubt about it BEATING THEM ALL FOR EARLINESS. Grows a fair-sized, compact head, few outer leaves, and is of fine quality. How happy the housewife always is when the first cabbage is brought in. Plant our LIGHTNING EXPRESS and make the whole family glad. Market gardeners, you will make a mistake if you do not include our LIGHTNING EXPRESS in your order. Pkt. 3 pkts. 25c, oz. 40c, 1/2 lb. \$1.25, 1 lb. \$2.25, 1b. \$4.00. One acre of land, 10,000 heads of our LIGHTNING EXPRESS can be grown, and at 10 cents per head, early cabbage always bring 10 cents, they would \$1,000. One acre of wheat, 10 bushels at 45 c bushel, \$4.50. Which will you raise?

From Sod Shanty to Brick Block in

Our World-beater Red Wethersfield Onion.

This popular strain of the Red Wethersfield, handled only by ourselves, is crowding its way to the front of all other varieties, because it is the **Best Onion Grown**. There is a largely increased demand for them each season in many states, also in Canada, for the reason that they have given **UNIVERSAL SATISFACTION**. Our illustration on front cover is a fair representation of them, except in size, as the onions grow much larger.

PREMIUM: On account of the extreme drouth throughout the Northwest, no one sent in a report of their yield in '94, hence we continue our **LIBERAL OFFER** of a

... FIFTY-DOLLAR GOLD WATCH ...

to the customer who reports the largest yield from 4 lbs. of our **World-Beater Wethersfield**, on or before Nov. 1st, 1895.

FARMERS, Nothing seems to pay so well as raising **Our World-Beater Wethersfield**, Onions. One acre of ground planted in will make you **MORE MONEY** than 100 acres of wheat, even if you should get 15 bu. per acre, and sell it at 40 cents per bu. You see it costs you 35 cents per bu. to raise wheat, and you would only have a profit of 5 cents per bu., or a net profit of \$75.00. Now then, if there is rain enough to grow 15 bu. of wheat per acre, you can raise 600 bu. of **Our World-Beater Wethersfield** on an acre, at a cost of 15 cents per bu., and if you only get \$1.00 per bushel for them, you have a profit of \$510.00, which leaves the account in favor of the onions by \$435.00. Can you afford to raise wheat? We think not.

PRICES OF OUR WORLD-BEATER WETHERSFIELD, Pkt. 5c., oz. 20c., ¼ lb. 55c., ½ lb. \$1.00, lb. \$1.85, 4 lbs., enough for 1 acre, \$7.00.

READ THE FOLLOWING CAREFULLY, BEFORE ORDERING.

Write your order plainly, giving Name, Postoffice, County and State in full.

Don't forget to sign your name.

Post Paid. Prices given in this catalogue on packets, ounces, pounds, pints, quarts, etc., we deliver free to your nearest post or express office. If you order seeds to be sent by freight or express at your expense, you are entitled to deduct from post paid price 8 cents per pound or pint, and 15 cents per quart.

How to Send Money. The cash must accompany the order and can be sent safely by Postoffice Money Order, Bank Draft, Registered Letter or Express Money Order. Individual checks not accepted. We disclaim all responsibility when remittances are not made as above directed. Do not send postage stamps if possible to remit safely any other way. Canada stamps not accepted.

Onion Sets, Potatoes and Shrubbery, will not be shipped until we think that danger from frost is over.

C. O. D. No goods sent C. O. D. unless one-half the amount of bill is sent with order.

Errors. The utmost care is taken to fill all orders, but if any mistakes occur they will be cheerfully corrected.

Discounts. Customers remitting one dollar or upwards for seeds in packets, are entitled to choose seeds to the value of \$1.25. **BEAR IN MIND**, this applies to seeds in packets only, and not by the ounce, ¼ lb., pint, quart, etc. In addition to this liberal discount we will also send **THE SUCCESSFUL FARMER**, the best farm paper in the Northwest to those who order not less than \$1.00 worth of seeds.

Canadian Customers ordering seeds to be sent by mail,

will add 8c. per pound to our prices, as the postage rate to Canada is double that in the United States. Do not send Canadian bills, as they go at a discount in the United States.

Seeds Sent by Express or Freight, means that we deliver the seeds to any express or railroad in this city, and the purchaser pays the transportation charges upon receipt of goods.

Our Responsibility. To those who are unacquainted with us, we refer to the Dakota National Bank, of this city.

Shipping Facilities. Our shipping facilities are of the best, to accommodate our customers. Heretofore, when a customer lived on a line of road not running to our former location, they had a high freight rate to pay. From our present location, we ship direct over the following lines (bill through, no transfer charges) viz: Chicago & Northwestern; Chicago, St. Paul, Minneapolis & Omaha; Chicago, Milwaukee & St. Paul; Minneapolis & St. Louis; Burlington, Cedar Rapids & Northern; Great Northern; Chicago, Burlington & Quincy; Iowa Central; Illinois Central; Sioux City & Northern; Chicago, Rock Island & Pacific; St. Louis, Kansas City & Northwestern; Chicago, Burlington & Kansas City; St. Joe & Council Bluffs; Wabash, Omaha & Western; Des Moines and Northwestern; Northern Pacific; Sioux City & Pacific; Fremont, Elkhorn & Missouri Valley; Duluth, Red Wing & Southern; Winona & St. Peter.

Express. We are also finely situated to make quick and cheap express shipment, as we have the lines of four different companies, viz: The American, Adams, United States and Great Northern.

GRAND PREMIUM OFFER.

We have completed arrangements with the "SUCCESSFUL FARMER" Publishing Co. which enables us to give as a **Premium one Paid-up Subscription to THE SUCCESSFUL FARMER**.

FARMER, for a period of One Year, to every customer whose order amounts to one dollar or upwards for any thing listed in this Catalogue.

THE SUCCESSFUL FARMER is the best farm and garden paper in the Northwest. Unlike the average farm paper, it is not filled up with kid-glove theories, by editors who never plowed a furrow in their lives, but the editors of the different departments, as well as its correspondents, are practical, hard-working farmers.

THE SUCCESSFUL FARMER Has been greatly improved and enlarged in the last few months. It now has a Horse Department, Swine Department, Poultry Department, Home Department, and Boys' and Girls' Department, each by specialists, besides many regular correspondents whose articles are invaluable to farmers. Should your order amount to less than \$1.00, we will furnish you the paper one year, if you will enclose 25 cents extra.

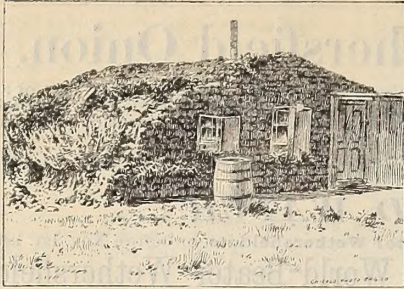

SLUG SHOT KILLS BUGS,

Worms and insects of all kinds. We handled it last year for the first time, and was a little slow to recommend it, but after a thorough test, both by ourselves and many customers, find it just the thing to **Effectually Destroy Potato Bugs**, and those on tomato and egg plants, currant worms, cabbage lice and worms, flea beetles, and striped bugs on melons, squash, turnips, beets, onions, etc. Caterpillars and canker worms on fruit and ornamental trees. A preventative of the rose bug and cut worm. Is also sure death to lice on colts, calves or any kind of stock. Slug-shot is perfectly harmless to both man and beast, not being dangerous to use like Paris Green. It is applied in all cases by the use of a regular **SLUG SHOT DUSTER**, as shown in illustration. **PRICE OF SLUG-SHOT** by freight or express (can't be sent by mail) We furnish the half gallon Slug-shot duster to those ordering Slug-shot

5 lb. package 40c, 10 lbs. 75c, 25 lbs \$1.00. We furnish the half gallon Slug-shot duster to those ordering Slug-shot for 35c each.

8th ANNUAL CATALOGUE.

OUR FIRST SEED HOUSE, 1888.

my of customers from throughout the United States and Canada. Although the past season has been the most unfavorable one in the history of the country, for farming gardening and fruit planting, letters of praise for the **Ki-Ote Seeds**, and wishes of success, have been pouring in on us, all the way from **Canada** to the **Pacific slope**, throughout the fall months, right on up to the time of going to press. The bountiful fall rains have put the soil in fine condition for planting, and the indications are for large crops and better times.

OUR OLD SOD SHANTY.

By request of many of our last year's customers, we present an illustration of our first seed house, which was located on sec. 23, township 119, range 75, Potter Co., S. D., and in which our business was started only 7 years ago. It was located on the **Ki-Ote Seed Farm**, 5 miles from a R. R. Station, and the seed room was only 6 x 9 feet in size. We now occupy the sixth building in seven years of business, moving each time in order to get more room. We are now located in the magnificent Brick Block illustrated on this page, which like the sod shanty, is produced from photograph. Sioux Falls is the R. R. centre, the mail and express centre, the trade centre, the distributing centre of the whole northwest, and that, coupled with the fact that she wanted the **Ki-Ote Seed Co.**, is why we are here. We want to ask this question; Could such a business have been built up in 7 years on poor seeds? You will answer, most assuredly not. We believe that each one who receives this catalogue, will be pleased with it, and that they will appreciate its improved appearance over last year, and we hope to be favored with your orders for '95, whether they be large or small.

The fact that the services of J. A. Lucas have again been secured as Manager for another year, and also that Mrs. Lucas will again preside over the Mail Order Department, insures to our patrons good treatment and prompt, careful service. Remember that our seeds are **TIME-TRIED** and **DROUGHT-TESTED**. Send along your orders, believing that you will get the best, and you will not be disappointed. With a Merry Christmas, a Happy New Year and bountiful harvests to all, We remain, Yours to command,

KI-OTE SEED & NURSERY CO.

12,000 BASKETS FROM 25 BU. Dec. 19th., 1894. **KI-OTE SEED CO.**- I planted the 25 bu. of "Great Northern" flint corn I bought of you and harvested 12,000 bushel baskets from it. It planted 125 acres. It all got sound and 75 per cent was long, bright ears, many of which was 13 inches in length. It was an "eye opener" to people in this vicinity, and the idea that corn cannot be grown in North Dakota is now exploded. S. W. MAXSON, Cass Co., N. D.

EVERYTHING GOOD. Weston Co., Wyoming, Dec. 17th., 1894. The seeds we bought of you last season, the Mammoth Siberian Rutabaga, Beets, Turnips and other seeds, when harvested, we found to yield so bountifully that we were forced to put on a force, and build another large root house to hold them. I will say in all my years of farming, I never knew of seeds to turn out so profusely. I could not recommend them too highly. This year we shall give you a good order as a result, and our neighbors are fast finding out it pays to buy of a house that sends out **Reliable** seeds.

THE "HOLY TERROR GOLD MINE" MILLET.

The "Holy Terror Gold Mine" in the Black Hills, discovered last June by Mrs. Frank Stone, who, with her father, was strolling idly along, broke into a small piece of rock, which upon examination showed particles of gold. The ore of this mine runs \$500.00 per ton, which makes it the richest mine in the world. As this variety of millet is the heaviest yielding millet in the world, we have named it after the richest Gold Mine, calling it the "Holy Terror Millet." This millet produces more tons of feed per acre than any known millet. Grows to an immense height, and is literally loaded with broad blades. Mr. A. Spooner, of Codrington Co., S. D., who sowed it in '93, told us that he could only let his binder take one third of a swath, and that on a strip eight rods wide, a team and binder could not be seen across the patch. One bushel of the "Holy Terror" millet, drilled on good land will seed 4 acres. It should be sown early in order to mature a crop of seed. Don't fail to order this valuable millet. Stock limited. Price, mail, lb. 25c., 4 lbs. 80c., freight, pk. 65c., 1/2 bu. \$1.00, bu. \$1.75.

Remember, it takes one half bushel per acre of the Common or German millet.

CHOICE VEGETABLE SEEDS.

All vegetable seeds quoted in this Catalogue will be sent **POSTPAID**, unless otherwise stated. Where priced by **FREIGHT** or **EXPRESS**, means that the freight or express charges are to be paid by the customer on receipt of goods.

ARTICHOKE.

Large Green Globe. Pkt. 5c; oz. 25c; lb. \$2.50.

ASPARAGUS.

Palmetto. It is of very large size, even and regular in growth and appearance. Is very early and immensely productive, and of the very best quality. Pkt. 5c; oz. 15c; ¼ lb. 45c; lb. \$1.50.

Conover's Colossal. A well tried standard variety. quick growth, excellent quality. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. 75c.

C. L. WHITCOMB, Benson County, N. D. I have had your seeds for three years and they have given perfect satisfaction.

BORECOLE, OR KALE.

Dwarf Curled German Greens, or "Sprouts." More hardy than cabbage, and makes excellent greens for winter and spring use. Pkt. 5c; oz. 15c; ¼ lb. 50c.

BROCCOLI.

Early Purple Cape. This is the most valuable kind for the North, producing large, close heads, and has an excellent flavor. Pkt. 10c; oz. 40c; ¼ lb. \$1.25.

BRUSSEL SPROUTS.

A splendid vegetable for winter, producing from axils of the leaves an abundance of shoots resembling small cabbages. Pkt. 5c; oz. 20c; lb. \$2.00.

THE ABOVE GROUP OF BEETS forms a collection of the very best varieties to be obtained anywhere. We place the **KI-OTE SEED CO'S EARLY YORK** at the head of the list for the reason that it is the **BEST OF ALL**. No garden is complete without these four varieties.

Ki-Ote Seed Co's Early York. This is a new strain of turnip beet, of beautiful form and excellent flavor. It has a small short top and few leaves, flesh very prettily tinged in color, and is very tender and sweet. It is superior to most of the turnip rooted beets. The Early York is about eight days earlier than any other beet on our trial grounds. If you want to get ahead of your neighbors, order the Early York. Pkt. 10c; oz. 20c; ¼ lb. 40c; ½ lb. 70c; lb. \$1.25.

Eclipse Blood Turnip. Very early, quick growth, perfect in form and of deep rich blood color so much sought by gardeners. Pkt. 5c; oz. 10c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

Edmunds' Turnip. Is of good size, very early, perfect in form and of deep rich blood color so much sought by gardeners. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. \$1.00.

Extra Early Egyptian. A standard sort, being from ten to twelve days earlier than the old Blood Turnip. The roots are large in size, and of a rich deep crimson color. From the smallness of the tops of the Egyptian at least one-fourth more can be grown on the same space than any other variety. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 80c.

Market Gardener's. This is an ideal "Market Gardener's" beet. When cooked they are a beautiful dark red throughout, fine grained and unsurpassed in quality. A large size, and a good selling and eating beet for winter. Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 45c; lb. 80c.

Early Dark Blood Turnip. The standard variety for family use, being early and also a splendid keeper. Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 45c; lb. 70c.

Long Dark Blood. Grows to a large size, tender and sweet, good keeper, excellent for winter use. Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

Swiss Chard, or Sea-Kale Beet. This variety is cultivated solely for its leaves. The midrib is stewed and served as Asparagus, the other portions of the leaf being used as Spinach. If often cut, new and more tender leaves will be produced. Pkt. 5c; oz. 10c; ¼ lb. 25c.

SUGAR BEETS.

Improved Imperial. This is the most popular variety of sugar beets. Contains 12 per cent sugar, making it much more valuable for stock feeding than the mangels. Has yielded 30 tons per A. Plant 6 lbs. per acre. Pkt. 5c; oz. 10c; ¼ lb. 20c; ½ lb. 35c; lb. 60c; by freight, 6 lbs. \$2.50.

Mangel Wurzel, or Stock Beets.

Please compare our prices on Stock Beets with those of other seed firms, and you will see that WE TAKE THE LEAD, for the reason that we handle great quantities of them, as they are largely planted in the Northwest. Our stock is LARGE, and RELIABLE. Every farmer should plant plenty of mangels for stock feeding. They increase the flow of milk greatly and are very nutritious.

Eiffel Tower Mangel. This is said to be the "largest and most productive" variety in cultivation. Pkt. 5c; oz. 10c; ¼lb. 20c; lb. 50c; 5 lbs. enough for 1 acre, \$2.00.

Yellow Globe Mangel. Very large size and productive. Pkt. 5c; oz. 10c; ¼lb. 20c; ½lb. 35c; 1b 60c; 5 lbs \$2.40.

Mixed Mangels. We carry a "specially prepared" mixture of several of the "standard varieties" of mangels which we will sell at the following prices: Pkt. 5c; oz. 10c; ¼lb. 20c; 1b. 55c; 5 lbs. (for one acre), \$2.00.

Beans.

Ki-Ote Seed Co's Early Six Weeks. The earliest bean known, very prolific, bushy and full yellow seed. One of the best for family use in every respect, as also for market. No trouble to sell \$300 worth green beans per acre of this variety. This bean grows quick and sells quick. Pkt. 5c; ½pt. 15c; pt. 25c; qt. 45c; by freight, pk. \$1.50.

New Golden Eyed Wax. This new wax bean is extremely early, and yields a profusion of tender pods of a beautiful waxy appearance, and in flavor unexcelled; vine free from rust, pods keep well after picking. Pkt. 5c; ½pt. 15c; pt. 25c; qt. 45c; by freight pk. \$1.65.

Golden Wax. One of the very best beans in cultivation, being remarkable for extreme earliness. Beans are long, stringless, very tender pods of a beautiful yellow color; the leading bean wherever grown. Pkt. 5c; ½pt. 15c; pt. 25c; qt. 45c; by freight pk. \$1.75.

Prolific German Black Wax, (Black Seeded). Pods waxy, yellow, thick and very tender. Pkt. 5c., ½ pt. 15c., qt. 25c., qt. 45c. By freight, pk. \$1.65.

Improved Early Red Valentine. Green pod, best for pickling. Pkt. 5c., ½ pt. 15c., qt. 35c. By freight, pk. \$1.25.

Canadian Wonder. Pods grow from ten to fifteen inches in length; very tender and delicate flavor, while for fresh shelled beans, cooked like Limas, hardly any variety can approach it in rich flavor and handsome appearance. Pkt. 5c., ½ pt. 15c., pt. 25c., qt. 45c. By freight, pk. \$1.60.

Henderson's Bush Lima. The new Bush Lima grows without the aid of poles, from 15 to 18 inches high and produces enormous crops of delicious Lima Beans; is at least two weeks earlier than any of the climbing Limas. Pkt. 5c; ½pt. 15c; pt. 25c; qt. 45c.

California Improved Tree. Pkt. 5c; ½ pt. 15c; qt. 35c; by freight pk. \$1.10; bu. \$3.75.

Salzer's White Wonder. Absolutely the finest largest yielding, best selling field bean known. Excellent for cooking and baking. Habit dwarf, very bushy and wondrously full of pods. Pkt. 5c, ½pt. 15c, qt. 35c. By freight, pk. \$1.25, bu. \$3.85.

It will pay you to plant five acres of Salzer's White Wonder this year, instead of 40-cent wheat. Forty bushels per acre, even at \$2.00 per bu, is \$80 per acre. YOU SEE THAT PAYS.

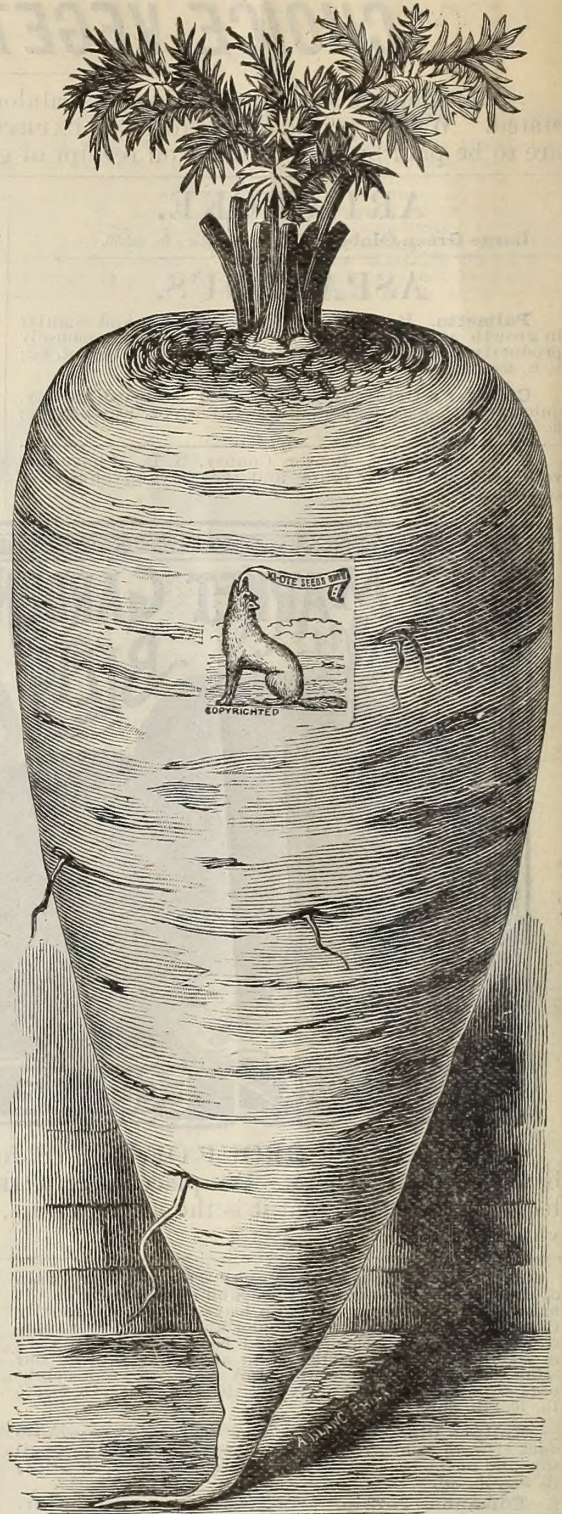

White Navy, or Boston Pea Bean. ½ pt. 10c., qt. 35c., by freight bu. \$3.45.

Early Golden Cluster, or Golden Butter Wax. Earliest pole variety, yellow pod. Pkt. 5c., ½ pt. 15c., pt. 25c., qt. 40c.

German Wax Pole Bean, yellow pod, black seeded. Pkt. 5c., ½ pt. 15c., pt. 25c., qt. 40c.

Large White Lima. (Pole.) Pkt. 5c, ½pt. 15c, pt. 25c, qt. 45c.

MRS. JENNIE WEBB, Hanson Co. S. D. I never had a finer garden than last year from your seeds.

New Giant Orange Carrot.

In our New Giant Orange, we offer our customers the VERY LARGEST, and by far the HEAVIEST YIELDING Carrot, that has ever been introduced. With proper care it grows to a length of 20 inches, and enough

above ground to make harvesting easy. It pays well to raise Carrots for horses, as it puts them in a good, healthy condition and gives them glossy coats. You can raise **DOUBLE THE QUANTITY** of our **GIANT ORANGE** on an acre than of any other variety. Pkt. 10c., oz. 15c., 1-4 lb. 40c., 1-2 lb. 70c., lb. \$1.25.

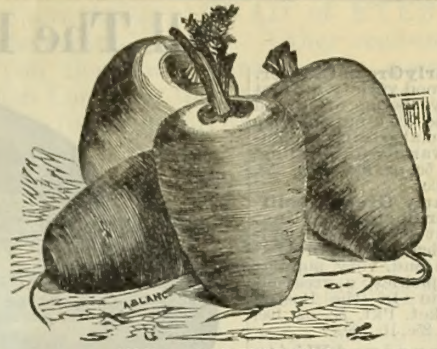

Early French Forcing. The earliest variety; globe shaped root of an orange red color. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 30c., lb. \$1.00.

Early Scarlet Horn or Shorthorn. Color deep orange, best for table use. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., $\frac{1}{2}$ lb. 45c., lb. 80c.

New Intermediate. Roots smooth, good size, rich orange color, sweet and tender. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 90c.

Improved Long Orange. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., $\frac{1}{2}$ lb. 35c., lb. 65c.

Large White Belgian. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 60c.

OX HEART OR GUERANDE.

Ox Heart, or Guerande. Carries its thickness well down towards the bottom. Every carrot can be pulled easily by hand. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 30c., $\frac{1}{2}$ lb. 55c., lb. \$1.00.

Cabbage.

LIGHTNING EXPRESS.

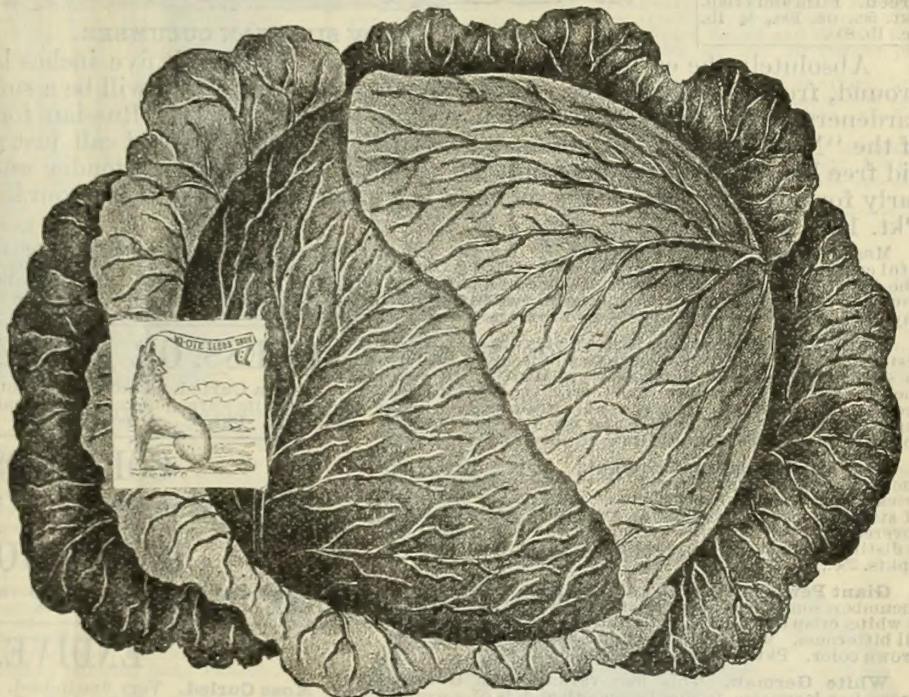

There has probably never been an **EARLY CAB-**

BAGE introduced, that has taken so well, and sold so rapidly as our **LIGHTNING EXPRESS.**

(See inside front cover for description and illustration.)

K. S. Co's Short-stem Drum-head. (See inside back cover for description and illustration.)

Premium Flat Dutch. No Cabbage is so universally grown as this, and for the reason that the seed may be sown in the open ground and the young plants started without the use of hot-beds—hence it is the favorite with all people for general use. In our seed of this we have a strain that is reliable for heading, earliness of crop and size cannot be surpassed. Do not be deceived by fancy names, but buy **PREMIUM FLAT DUTCH.** Pkt. 5c. oz. 25c., $\frac{1}{4}$ lb. 75c., lb. \$2.75.

KI-OTE SEED COMPANY'S GENUINE SURE-HEAD CABBAGE.

This popular cabbage is rightly named Sure-head, and never fails to make a remarkable fine, solid, large head, with few outer leaves, as shown in our illustration. It originated some years since with a practical market gardener, by crossing the Flat Dutch and Drum-head varieties, and has always brought the highest price in our markets. Is the leading cabbage for main crop, forming remarkably large, solid heads even in the most unfavorable seasons. Very sweet, fine flavored, very few loose leaves, splendid keeper, and is the favorite with extensive market gardeners and large growers of cabbage. Heads frequently attain a diameter of from 15 to 20 inches, and weighing from 30 to 40 lbs. It is a strong vigorous grower, ripening late for a main crop and very uniform in size and color. Our supply is grown from the original seed, none better to be had at any price. Pkt. 10c., oz. 30c., $\frac{1}{4}$ lb. 90c., $\frac{1}{2}$ lb. \$1.65, lb. \$3.00.

Early Winingstadt. A sure header and keeps well both summer and winter. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.; lb. \$3.25.

Extra Early Etampes. About ten days earlier than "Early Summer" and "Wakefield." In shape the heads are slightly conical, very solid and firm. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.; lb. \$1.75.

Large Early York. Early heading robust variety. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.

Selected Early Jersey Wakefield Heads hard and solid, stands drouth well. Pkt. 5c.; oz. 30c.; $\frac{1}{4}$ lb. 90c.; lb. \$2.80.

Henderson's Early Summer. The earliest large heading cabbage; they keep longer without bursting than most of the early sorts. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 80c.; $\frac{1}{2}$ lb. \$1.50, lb. \$2.75.

Fottler's Improved Brunswick. Has no superior as a fall cabbage; heads low on the stump. Pkt. 5c., oz. 25c., $\frac{1}{4}$ lb. 80c., lb. \$2.50.

Allseason's. Good either for an early, medium or late crop. Heads very solid, of best quality and remarkably sure to head, and a long keeper. Pkt. 5c., oz. 30c., $\frac{1}{4}$ lb. 90c., lb. \$3.25.

Louderback's All Year Round. The finest early drumhead in cultivation. Short stem and few outer leaves. Heads solid. Pkt. 5c., oz. 30c., $\frac{1}{4}$ lb. 90c., lb. \$3.15.

Perfection Savoy. Heads large and very finely curled. Superior in flavor to other varieties. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.

Red Dutch, or Pickling. This is an esteemed sort for pickling. It is also shredded and eaten raw in vinegar. Pkt. 5c., oz. 25c., $\frac{1}{4}$ lb. 75c.

Marblehead Mammoth Largest of all; have grown to a weight of over 90 lbs, and the heads of such size that they would not go into a two-bushel basket. A good cabbage for exhibition at fairs when grown under high culture. Plant early. Pkt. 5c., oz. 25c., $\frac{1}{4}$ lb. 75c.

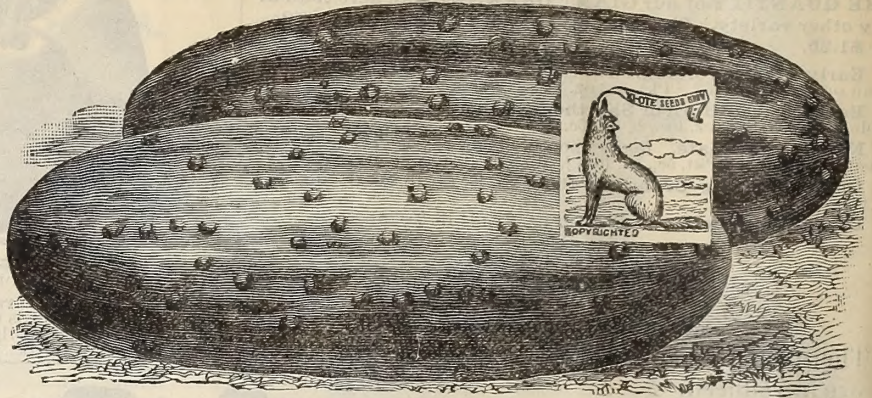

All The Best Cucumbers.

Early Green Cluster.
A good variety for first early, being of good shape for cutting up green, also being a splendid variety for pickling. Pkt. 5c., oz. 10c., ¼ lb. 25c., 1 lb. 80c.

Early Green Prolific, or Boston Pickling.
Fruit short, nearly cylindrical, but pointed at each end, very popular for pickles, a great favorite in the Boston market. Pkt. 5c., oz. 10c., ¼ lb. 25c., 1 lb. 80c.

Improved White Spine. One of the finest strains of white spine in cultivation. Pkt. 5c., oz. 10c., ¼ lb. 25c., 1 lb. 85c.

Improved Long Green. Firm and crisp. Pkt. 5c., oz. 10c., ¼ lb. 25c., 1 lb. 80c.

NEW SIBERIAN CUCUMBER.

Absolutely the earliest cucumber known, producing fruit five inches long in the open ground, from seed in 55 days. It is a remarkable variety, and will be a surprise to market gardeners and truckers, who have heretofore grown the Early Russian for earliest. Size of the "New Siberian," medium, what a critical gardener would call just right. A splendid free bearer, fruit straight and smooth, flesh extraordinarily tender and crisp, and for early forcing purposes, or for slicing it is a most valuable addition to our list of cucumbers. Pkt. 15c., 2 pkts. 25c., oz. 30c., ¼ lb. 75c.

Mrs. JASPER ROBERTS, Spink Co., S. D.: I verily believe every seed grew that we bought of you last year. Such beautiful cucumbers from 3 packets of seed. I picked 2,000 besides had any amount of sliced cucumbers, spiced pickles, etc. The cows too got a nice mess occasionally and some of my neighbors all they cared to use until the frost came. I think you have improved lively with your seed raising and building. Being kind and honest has and will help you to win the day. We always feel sure of getting our money's worth when we order seeds of you.

White Pearl Cucumber. In habit of growth is entirely distinct, setting the fruits very close to the stem, uniform in size and shape, and immensely productive. In color, they are a beautiful pearly white, even the young fruits are of a very light color, nearly as pure white as when ready for use. They are solid, tender and crisp in taste, and of splendid quality for slicing. Pkt. 10c., 3 pkts. 25c., oz. 30c.

New Paris Pickling Cucumber. This entirely new cucumber comes from France. A deep green color, very prickly, and flesh is always firm and remarkably brittle. Is of startling productiveness, as the vines are completely covered with the little fruit from one end to the other. It is distinct from every other variety of cucumber. Pkt. 10c., 3 pkts. 25c., oz. 40c.

Giant Pera. A long, smooth, straight, medium green cucumber, sometimes attaining a length of 22 inches. Flesh is white, crisp and tender, with but few seeds and free from all bitterness. When fully ripe skin becomes of a leathery, brown color. Pkt. 5c., oz. 15c., ¼ lb. 35c., 1 lb. \$1.00.

White German. This fine variety from Germany grows to a large size, perfectly smooth and is of excellent quality and superior flavor. In beauty of form it is not equalled by any other cucumber, which renders it especially valuable for exhibition purposes. Pkt. 5c., oz. 15c., ¼ lb. 50c.

Jerusalem Pickle or West India Gherkin. Very small, oval shaped, prickly fruits. Used exclusively for pickling. Pkt. 5c., oz. 20c., ¼ lb. 60c.

Mrs. JASPER W. ROBERTS, Spink Co., S. D.: I pickled over 700 of the Gherkin Cucumbers, and did not plant one-half the seed in one packet, and gave them away by the dozens besides. What prolific bearers they are.

CHICORY.

Large Rooted. Much used as a substitute for coffee. In the fall the roots should be taken up and dried, and roasted and ground like coffee. Pkt. 5c., oz. 10c., ¼ lb. 25c., 1 lb. 75c.

CORN SALAD, OR VETTICOST.

Large Round Leaved. A salad used as a substitute for lettuce. Pkt. 5c., oz. 10c., ¼ lb. 25c., ½ lb. 45c.

CHERVIL.

Curled. Leaves used in soups and salads. Pkt. 5c., oz. 20c., ¼ lb. 60c.

CRESS, OR PEPPER GRASS.

Extra Curled. A small salad much used with lettuce to which its warm, pungent taste makes a most agreeable addition. Pkt. 5c., oz. 10c., ¼ lb. 20c.

COLLARDS.

Curled. Leaves used in soups and salads. Pkt. 5c., oz. 20c.

DANDELION.

Improved Large Leaved. A very early and healthful spring salad. Pkt. 10c., oz. 60c.

ENDIVE.

Moss Curled. Very fine indeed. One of the best for family use. Pkt. 5c., oz. 20c., ¼ lb. 60c.

CAULIFLOWER.

Ki-Ote Seed Co's. Snowball. This variety of cauliflower has given the greatest satisfaction in all sections. It is the earliest of all cauliflowers, about one week earlier than any other sort. Pkt. 20c., oz. \$3.50.

Erfurt Extra Selected Earliest Dwarf. The best for forcing and open ground. Scarcely a plant fails to produce a good head. It is of dwarf habit, compact growth, few outside leaves. Pkt. 15c., oz. \$2.50.

Autumn Giant. Heads very large, beautifully white, firm and compact. Plants should be started early in the season to insure their full development. Pkt. 5c., oz. 65c., ¼ lb. \$2.25.

EGG PLANT.

New Early Purple. The best variety in cultivation, being early, a sure cropper and of fine quality; fruit very large, oval, deep purple; flesh white, tender and of superior quality. Pkt. 10c., oz. 40c., ¼ lb. \$1.30.

BIRD SEED.

Hemp and Canary. Either variety. Pkt. 5c. 1b. 20c.
Rape. Pkt. 5c., 1b. 25c.
Choice Bird Seed Mixture. Pkt. 5c., 1b. 20c., 3 lbs. 50c.
Millet for Birds. Pkt. 5c., 1b. 20c., 3 lbs. 50c.

Celery.

GOLDEN SELF-BLANCHING. We expected a large demand for this celery last year, but nothing like that with which our customers favored us. It has proved ahead of every other in cultivation. Nothing like it has ever been seen before. Golden Self-Blanching, besides being remarkably stocky and a wonderful strong grower, is very heavy, perfectly solid, of a delicious sweet flavor, and with all these points is a wonderful keeper. One would think there would be a sufficient number of good qualities to be concentrated in one variety, but to all these is added the wonderful quality of self-blanching to a very marked extent. Without banking up or any covering to speak of, even the outer ribs become of a yellowish white color, the heart being large, solid and of a beautiful golden-yellow color. Every celery grower should test Golden Self-Blanching this season without fail. Pkt. 10c., oz. 40c., 1/2 lb. \$1.25.

New Giant Pascal. These stalks are large, thick, solid and entirely stringless, and when fully grown the stalks average two inches wide and very thick through, always crisp and brittle. It partakes of the rich nutty flavor peculiar to the "Golden Self-Blanching," and is absolutely free from any bitter taste. Unlike most other varieties, it never becomes watery and can be eaten when quite small. It is a vigorous grower, and good keeper; does not rust or rot, which makes it an excellent variety for shipping. Pkt. 10c., oz. 35c., 1/2 lb. \$1.00, lb. \$2.50.

White Plume. Very tender, crisp, and of good flavor, requires very little labor in blanching; by simply tying up the stalks and drawing up the soil with the hoe, the work is complete. Pkt. 5c, oz. 30c, 1/2 lb. \$1.00.

Turnip Rooted Celery. (Celeriac.) Grown extensively for its roots; excellent for salads, seasoning meats and for flavoring soups. Pkt. 5c, oz. 20c, 1/2 lb. 50c.

Old Celery Seed. For flavoring. Per oz. 5c. lb. 40c.

Sweet Corn.

THE CORY. With all our experiments with sweet corn, we have never yet been able to find a variety that for **FIRST EARLY** would compare with our **IMPROVED CORY**. Our market gardeners

always report being **AHEAD** of **EVERY-BODY** when they plant it. Other seedsmen will tell you they have corn that is a week earlier than Cory, but they have not. Buy only the Cory for your **EARLIEST**, and you will not be disappointed. Pkt. 5c., 1/2 pt. 15c., pt. 25c., qt. 40c. By freight, pk. \$1.00, bu. \$3.65.

NOTE. We notice that many seedsmen quote Cory corn at a low price, and then fill orders with an inferior white corn, that is not Cory corn at all, and not as early by a week or ten days. The **CORY**, when matured, is a pinkish colored corn, and if you want to get the **GENUINE** order of us and you will get it.

From the Inter-Empire, Sisseton, S. D.: The City Hotel furnished new corn to its guests on Monday last. The corn was grown on Mr. C. Kennedy's farm west of town. The seed was sown on sod after the 10th of May, and was purchased from the famous **KI-OTE SEED CO.**, at Watertown. T. D. Ellefson has some of the same kind of corn, and had some on his table several days ago.

Early Marblehead. Formerly considered the earliest variety, but a week later than the Cory; ears medium sized, eight rowed, small red cob, kernel broad and shallow and very sweet. Pkt. 5c, 1/2 pt. 12c. pt. 20c. qt. 35c. By freight, pk. 80c, bu. \$3.00.

Early Minnesota. A larger variety than the Cory, but eight or ten days later. A good yielder, of good size and sweet. Pkt. 5c, 1/2 pt. 12c. pt. 20c, qt. 35c. By freight, pk. 80c, bu. \$3.00.

Stowell's Evergreen. A large, very late variety, planted largely for stockfeeding. A very sweet variety for table use, if planted early enough to mature. Pkt. 5c, 1/2 pt. 12c, pt. 20c, qt. 35c. By freight, pk. 80c, bu. \$3.00.

Popcorn.

Improved Golden Dwarf. This originated from the Golden Tom Thumb, but is much more valuable in every respect. Yields much heavier ears, double the size, and the quality unexcelled. On our trial grounds the past season, we planted the seed June 15th, and on Sept. the 7th, we pulled and **POPPED** it. Was out of the way of frost 60 days after seed was planted. Just the corn for the extreme Northwest. Pkt. 10c, 1/2 pt. 30c, pt. 50c, qt. 80c.

Golden Tom Thumb. Pkt. 5c, 1/2 pt. 20c, pt. 35c, qt. 60c.

Queen's Golden. The largest popcorn going, and one of the finest for popping. Pkt. 5c, 1/2 pt. 20c, pt. 35c, qt. 60c.

Dakota White Rice. Pkt. 5c, 1/2 pt. 12c, pt. 20c, qt. 35c. By freight, pk. \$1.50.

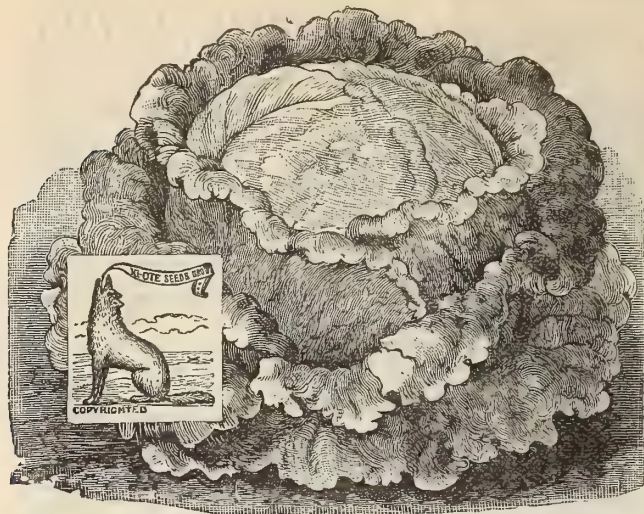

Dakota Red Rice. Same price as for white.

NEST-EGG GOURD.

A capital nest-egg. Produces fine white fruit, exact size and shape of an egg, and so similar as to often deceive even the growers. They do not crack and will last for years. A rapid grower, very ornamental, used for covering screens, etc. Boys you can make lots of pocket money by growing this gourd and selling them to your neighbors for nest eggs. Pkt. 10c, 3 pkts. 25c.

THOS. L. HOCKETT, Aurora Co., S. D. We like your seeds very much. Have been planting them for the last two years, and recommend them to our friends and neighbors as they have given us entire satisfaction.

CALIFORNIA CREAM BUTTER.

This is a distinct variety of cabbage lettuce. It forms round, solid heads; outside, the heads are of a medium green, slightly marked with small brown spots; within, the leaves are of a rich cream yellow color, most refreshing in appearance, and particularly rich and buttery to the taste. The heads are so solid that generally they have to be cut before any seed stalk can make its appearance. Pkt. 10c., oz. 20c., ¼ lb. 50c., lb. \$1.50.

New York Perpetual. This variety is entirely distinct, not heading, but forming huge, compact bunches. The leaf is a yellowish green and very tender. For private use it is especially adapted, as only one sowing is necessary for the whole season. Pkt. 5c., oz. 15c., ¼ lb. 50c., lb. \$1.50.

Boston Curled. A handsome and hardy fringed variety. Pkt. 5c., oz. 15c., ¼ lb. 40c., lb. \$1.20.

Early Prize Head. Color, reddish brown, outer leaves being crisp and tender; remains so throughout the season. Splendid flavor, and is very hardy. Pkt. 5c., oz. 15c., ¼ lb. 45c., ½ lb. 70c., lb. \$1.20.

New York Market. Crisp, tender and of excellent flavor, and free from bitterness. Pkt. 5c., oz. 15c., ¼ lb. 40c., lb. \$1.25.

Improved Hanson. Tender, crisp and delicious flavor. Pkt. 5c., oz. 15c., ¼ lb. 40c., ½ lb. 70c., lb. \$1.25.

LEEK.

Splendid for flavoring soups, etc. Treat same as onion; both leaves and bulbs are used. Pkt. 5c., oz. 15c., ¼ lb. 40c.

KOHL RABI.

Turnip rooted cabbage. Pkt. 5c., oz. 20c., ¼ lb. 60c.

HERBS.

The following medical herbs are so well known as to need no special description. Nothing sells better and at a higher margin than herbs in the fall of the year. Try a few.

Thyme, Summer Savory, Dill, Caraway, Sage, Hoarhound, Sweet Marjoram, Coriander, Catnip. Above named sorts 5c. per pkt.

Mixed Herbs. Thirty varieties mixed. Pkt. 10c.

MUSTARD.

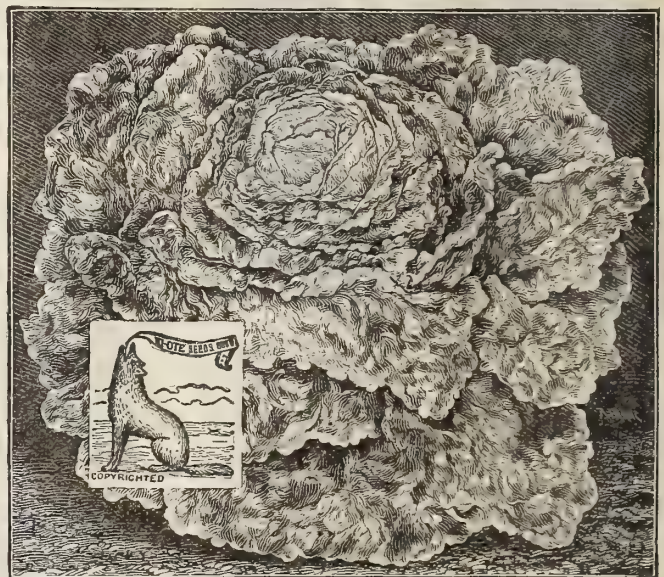

Excellent for salad, especially for fall use. White or brown. Pkt. 5c., oz. 10c., lb. 50c.

Lettuce.

Grand Rapids Forcing. This grand new variety has been raised in the vicinity of Grand Rapids for a number of years, where it has been jealously guarded by the few gardeners, enabling them to secure the highest prices for forced lettuce. It stands more neglect, will grow more weight on the same ground and will stand longer after matured, than other sorts. It is of handsome appearance, a strong grower, and not apt to rot, and will keep from wilting longer while exposed for sale than any other sort. Pkt. 10 oz. 20c., ¼ lb. 60c.

Denver Market Lettuce. This novelty comes to us highly recommended and we append the introducer's description of same: "We obtained a few seeds of this new lettuce some years ago from a market gardener in Denver, Colorado. It is an early variety of head lettuce, either for forcing or open ground; light green color, and is very slow to run to seed. The leaves are beautifully curled and crimped (like the Savoy Cabbages), and are very tender, crisp and of excellent flavor. Pkt 10c., 3 pkts. 25c., oz. 30c., ¼ lb. 75c.

Early Tennis Ball. A compact hard head, splendid variety for forcing. Pkt. 5c. oz. 15c., ¼ lb. 40c., lb. \$1.15.

OUR EARLIEST OF ALL LETTUCE.

We advertised this lettuce last year as the EARLIEST LETTUCE GROWN, and our experiments with lettuce the past year again confirms our claims for it. We sent to other seed houses for their earliest varieties to try by the side of it, none of them being as early by several days, as our EARLIEST OF ALL. It is very crisp, yellow and tender, fine flavor, rich and nutty, For its many good qualities it cannot be excelled. It is one month later to go to seed than other varieties, which makes it very valuable, remaining in condition to use nearly all summer. Don't fail to include EARLIEST OF ALL in your order. Pkt. 10c., 3 pkts. 25c., oz. 30c., ¼ lb. 80c.

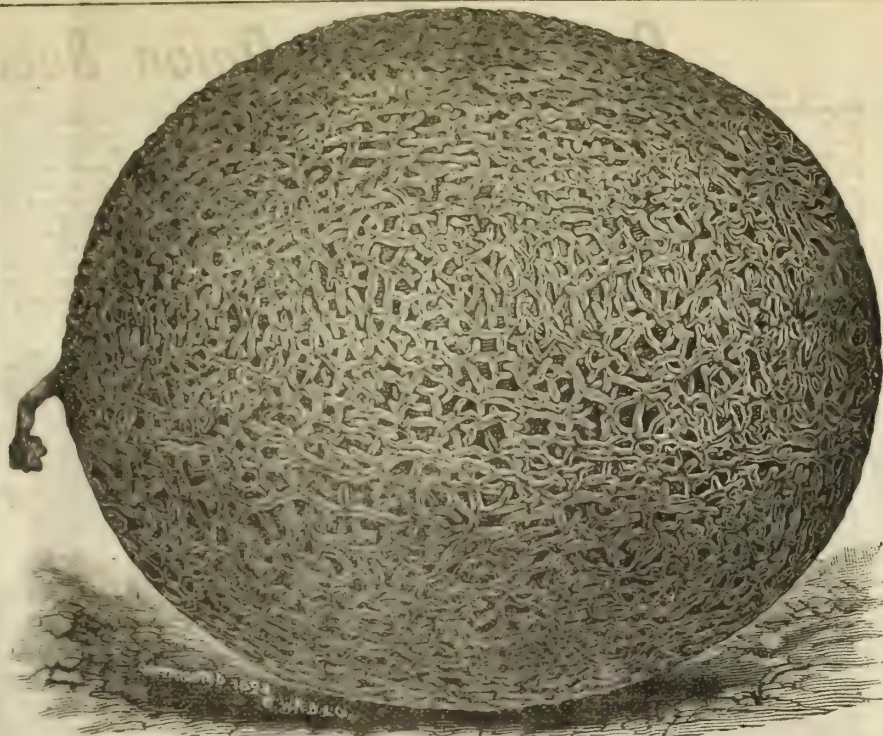

Who will get our \$50.00 Gold Watch by reporting the largest yield from 4 lbs. of our choice Red Wethersfield?

Melons.

(MUSK.)

MELROSE.

A very hardy, strong and vigorous grower, vines remaining green longer than any other variety. The melons are produced abundantly, and very close to the hill,—a feature of the greatest value. Shape, oval as shown in illustration. Flesh, thick and solid. In flavor the Melrose cannot be equalled by any other variety. It can be said of this SUPERB NEW VARIETY, that it

MELROSE MELON.

will produce more good salable melons, stand more handling and rough usage than any other known, making it the best and most desirable, either for home or market purposes. Contains very few seeds. Pkt. 15c., 2 pkts. 25c., oz. 40c., ½lb. \$1.35.

Early Jennie Lind. A very popular, early green fleshed melon. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 90c.

Osage, or Miller's Cream. Pronounced as one of the very best. Weigh five to six pounds, and are just right for hotel trade, being large enough to make two orders, while the smaller sorts only answer for one order. The flesh is salmon color, is very thick, sweet, and of the finest quality, rind thin and finely netted. Vines literally covering the ground with fruit. Pkt. 5c., oz. 15c., ½lb. 50c., lb. \$1.50.

Montreal Market. Largely grown by market gardeners in the neighborhood of Montreal, Canada. The fruit is nearly round, slightly flattened at the ends, with a densely netted green skin. They grow from fifteen to twenty pounds. Flesh thick and of splendid flavor. It sells rapidly at very high prices. Pkt. 5c., oz. 10c., ½lb. 30c., lb. 90c.

Prolific Netted Nutmeg. A profitable market variety. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 90c.

Bay View. Large size, weighing twelve to fifteen pounds, desirable for market gardeners. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 90c.

Mango Melon.

Vegetable Orange, or Vine Peach. This new vegetable grows on a vine like a melon, and is of golden yellow color, resembling an orange in shape and size; the flesh is snow white. They are used fried like egg plant when green. They also make splendid mangoes stuffed with cabbage like peppers. When they first ripen they are quite hard and tasteless, but they soon become mellow and sweet and have a very rich flavor. For sweet pickles, pies, or preserving, they have no equal. They are early, hardy and productive, the vines being literally covered with fruit. You should try them and we know you will be pleased with them. Pkt. 10c., 3 pkts. 25c.

MRS. JASPER W. ROBERTS, Spink Co., S. D.: The vine peach was delicious.

The Successful Farmer 1 year Free, with all orders of \$1.00.

Watermelons.

Phinney's Early. Very thin rind, flesh scarlet, sweet, luscious; medium in size, oblong in shape and very early. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 90c.

Vick's Early. Prized for its earliness. Flesh pink, very solid and sweet. Pkt. 5c., oz. 10c., ½lb. 30c., lb. \$1.00.

Seminole. Is of two colors, gray and light green. Very early, large, and enormously productive and of excellent flavor. Pkt. 5c., oz. 10c., ½lb. 30c., lb. \$1.00.

Kolb Gem. This variety is more largely grown by southern shippers than any other. The rind, though quite thin, is very tough, standing handling and shipping long distances without breakage. The flesh is bright red and of excellent flavor. All who have grown it agree in pronouncing it one of the largest, most productive, best keeping and shipping melons ever introduced. Many of our customers assert that they obtain from twenty-five to forty per cent more in price for Kolb Gem than for any other variety. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 65c.

Kentucky Wonder. Skin dark green, marbled in stripes of light green; flesh a sugary flavor, always firm, very solid. Weight, 40 to 50 pounds. Pkt. 5c., oz. 15c., ½lb. 35c., lb. \$1.25.

Mammoth Ironclad. Of oblong shape; with skin handsomely striped, and flesh of most delicious rich, sugary flavor; the heart is very large and the flesh next to the rind is equal to the heart in luscious taste. This variety grows uniformly to a larger size than any other, producing, under ordinary cultivation, melons averaging fifty to sixty pounds in weight; have been grown to weigh over one hundred pounds with extra cultivation. For shipping and keeping qualities the "Ironclad" is one of the best. Pkt. 5c., oz. 10c., ½lb. 25c., lb. 80c.

CITRON.

For preserving; grows uniformly round and smooth, striped and marbled with light green; flesh white and solid. Pkt. 5c., oz. 15c., ½lb. 30c., ¼lb. 50c., lb. 90c.

Colorado Preserving. It makes beautiful, clear, transparent preserves of perfect flavor. Very productive. Green seeds. Pkt. 5c., oz. 10c., ½lb. 40c., lb. \$1.25.

W. T. WARD, Richland Co., N. D. We used your seeds last year for the first time, and we were very much pleased with them. The vegetables all did finely.

Our Superior Onion Seeds.

If there is any one thing that we take pride in, MORE than another, it is our choice, fresh, strong growth strain of Superior Onion Seed. Owing to the extreme drouth throughout the northwest, the onion seed crop is very short, but quality good, and we have made our prices just as low as it is possible to sell good stock. Good Seed is of the utmost importance, and without it, it is impossible to have a good crop. If one buys old stale onion seed from some grocery store, with the expectation of good results from them, they will get LEFT. The time has come when it pays better to grow onions for market, than almost any other crop. Try an acre of onions this year and show your neighbor how much more money you can make off one acre than he can make off of 100 acres of wheat. Just whenever farmers will quit buying sulky plows and binders, and give this suicidal business of wheat raising, and go to growing vegetables, just as soon will we hear no more about hard times. Farmers! Wake up! Don't you realize that you get poorer every crop of wheat you grow? Too much machinery going to rack in the sun and wind; crop too uncertain; price going lower every year. Boycott the board of trade by not raising any more wheat for two or three years, then you can force the price back up. Plant onions this year and see how much better off you will be THIS FALL. Every one who orders onion seed of us, will receive a copy of the February number of "The Successful Farmer," which will contain full instructions how to prepare the ground, plant the seed, cultivate and care for them, throughout the season.

MAMMOTH PRIZE TAKER.

This onion is very closely related to the Spanish King, but is really an improvement on that favorite sort, owing to its careful selection and growth in this country. Its cultivation here has resulted in such increased size and greater solidity as really to entitle it to be classed as a new variety. It is perfectly globe shaped, with bright straw colored skin; the necks are very small and the onions always ripen up hard. An excellent keeper, exceedingly fine flavor, grows to an enormous size. Onions weighing five pounds have been grown from seed the first year. Pkt. 10c, 3 pkts. 20c, oz. 30c, ¼ lb. 80c, ½ lb. \$1.50, lb. \$2.95.

GIANT SILVER KING.

The Giant Silver King grows to a most remarkable size. The bulbs are of attractive form, flattened, but thick through, and very mild in flavor. The average diameter of the onions are from 5 to 7½ inches thus making the circumference from 15 to 22 inches. Single bulbs often attain weights of from 2½ to 4 pounds each. The skin is a beautiful silvery white; the flesh is snowy white, and of a particularly mild and pleasant flavor. So sweet and tender is the flesh that it can be eaten raw, like an apple. The Silver King matures early, and is uniformly of large size and perfect form. Per pkt. 10c, 3 pkts. 20c, oz. 30c, ¼ lb. \$1.00, lb. \$3.50.

YELLOW GLOBE DANVERS.

This popular yellow variety is one of the best general purpose onions; pronounced by growers everywhere as being the best yellow strain in cultivation. Very early, large size, and sure to bottom, of any other yellow onion. It has a record of from 500 to 1,000 bushels per acre. Is among the very best keepers to be found. A remarkable heavy cropper and good seller. Pkt. 5c, oz. 20c, ¼ lb. 50c, ½ lb. 95c, lb. \$1.75, 4 lbs \$6.70.

King of the Earlies. The very earliest and best red onion in existence. (See last page for description and back cover for illustration.)

World-Beater Wethersfield. This is our main crop onion, on which we have built up such a remarkable trade. They are truly world-beaters. (See first page for description and back cover for illustration.)

White Globe. Large globe shaped, firm, fine grained, of mild flavor, and a good keeper. It is also a variety, producing handsome and uniform sized bulbs; all varieties command a high price in the market. Pkt. 5c, oz. 20c, ¼ lb. 50c, ½ lb. 95c, lb. \$1.75, 4 lbs \$6.70.

Large Red Globe. Its size, shape and color, combined with its excellent keeping qualities, is bringing this to the front. One of the most popular varieties. A profitable shipping variety. Pkt. 5c, oz. 20c, ¼ lb. 50c, ½ lb. \$1.15, lb. \$2.25.

New Queen. A silver skinned variety of quick mild and delicate in flavor. A favorite in every garden, and repeated to receiving qualities. Particularly suitable for pickles. Pkt. 5c, oz. 20c, ¼ lb. 50c, ½ lb. 95c, lb. \$1.75, 4 lbs \$6.70.

White Silverskin or White Portugal. Favorable mild and pleasant skin silvery white; of handsome appearance; highly esteemed for pickling when young, also for market in early winter. Pkt. 5c, oz. 20c, ¼ lb. 50c, ½ lb. 95c, lb. \$1.75, 4 lbs \$6.70.

ONION SETS.

(When one variety is exhausted we reserve the right to ship another unless ordered to not do so.)

Onion sets will not be sent until danger of frost is over.

Egyptian or Perennial Tree. When once set out, without having the slightest winter protection, will come up year after year, as soon as the frost breaks the ground, and will grow very rapidly. Qt. 25c. By freight, pk. \$1.00, 1/2 bu. \$1.75, bu. \$3.25.

Dakota Gem. These are a top or button set, that produces a large onion early in the season when onions are scarce and prices high. It will pay you well to order DAKOTA GEM. Pt. 20c, qt. 35c. By freight, pk. \$1.75, bu. \$6.00.

Potato Sets. This variety does not form large bulbs, but produces a cluster of small onions. Good for early use. Pt. 15c, qt. 30c, pk. \$1.25, bu. of 24 lbs. \$5.00.

Red, White or Yellow Bottom Sets. These are produced from seed, and will grow large onions. Splendid for early market. Price of either variety, qt. 30c, pk. \$1.50, bu. \$3.50.

GOOD SEED CORN

Is a VERY SCARCE article this season on account of the EXTRME DROUGHT and as prices are necessarily higher it is going to be an incentive to irresponsible dealers in every neighborhood to ship in eastern-grown corn (fit only for feed) and palta off on the unsuspecting for seed.

Farmers, You Can't Afford To fool away your money, your labor and your crop, by investing in QUESTIONABLE SEED CORN. We have taken great pains to grow and select the VERY BEST OF SEED, and can assure our customers that they can depend on every bushel we send them to give entire satisfaction. If the weather and cultural care are propitious. **BUY YOUR GROCERIES at a Grocery Store. YOUR FEED at a Feed Store, AND YOUR**

SEEDS FROM A SEED STORE

Pumpkins.

LARGE CHEESE.

Excellent variety for pies and general family use; being fine grained, very sweet and solid. Is also very productive and is a good market variety. Pkt. 5c, oz. 10c., 1/4 lb. 25c., lb. 85c.

Tennessee Sweet Potato. Has no equal for making pies and custards; when cooked it has somewhat the appearance of sweet potatoes, but of more delicious taste; of medium size, color creamy white, sometimes striped with green, flesh thick, remarkably fine grained, dry and brittle, hardy and productive, and keeps perfectly sound until late in the spring. Pkt. 5c., oz. 15c., 1/4 lb. 50c., 3/4 lb. \$1.25.

King of the Mammoths, or Mammoth Potiron. The largest yet grown; of immense size; flesh salmon colored; good for table use or cattle. Pkt. 5c., oz. 15c., 1/4 lb. 50c., 1/2 lb. 90c., lb. \$1.60.

Common or Connecticut Field. One of the best for field culture; can be grown with corn; largely used for stock for winter feeding. Pkt. 5c., 1/2 pt. 10c., qt. 30c.

Sweet or Sugar. Skin a deep orange yellow. It is very fine grained, sweet and sugary, and keeps well. Pkt. 5c., oz. 10c., 1/4 lb. 30c., lb. \$1.00.

Dunkard Winter. The outside skin is a rich, deep orange, lightly striped. The flesh is very thick and of a beautiful golden yellow, the richest flavored, finest grained and sweetest of any pumpkin. Their most wonderful property is their great keeping qualities, having been kept for a period of two years in perfect condition. Pkt. 5c., oz. 20c., 1/4 lb. 45c., lb. \$1.50.

Pepper.

NEW CELESTIAL PEPPER.

A rare novelty from China. It is not only a very useful pepper, but one of the most beautiful plants in existence. The individual plant from which the accompanying illustration was made, contained over 300 peppers. The plant begins to set in peppers early in the season and continues until frost, bearing profusely. The peppers up to the time they are full grown are a delicate creamy-yellow color, and when fully grown change to an intense vivid scarlet, making a plant, when loaded with fruit, part of one color and part of another, an object of the most striking beauty and oddity. The peppers are two or three inches long and superior for any of the uses to which peppers can be put. Pkt. 10c., 3 pkts. 25c., oz. 35c.

Coral Gem Bouquet. This new pepper is the finest of the small sized varieties. Its beautiful pods of shining red color, are so thickly set as to give it the appearance of a bouquet of corals. As a pot plant it has proven a most rapid selling article. The plants grow to a height of from 24 to 30 inches. Pkt. 10c., 3 pkts. 25c., oz. 40c.

Large Bell, or Bullnose. Very large, glossy red. Pkt. 5c., oz. 30c., 1/4 lb. 80c.

New Golden Dawn. In shape it resembles the Bull Nose, except that it is a little more pointed on the end; in color it is a beautiful golden yellow. It is very sweet, not the slightest suspicion of a fiery flavor. Pkt. 5c., oz. 40c., 1/4 lb. \$1.10.

PARSLEY.

Moss Curled. Very fine and curled. Pkt. 5c. oz. 15c., 1/4 lb. 35c., 1/2 lb. 60c., lb. \$1.00.

RHUBARB, OR PIE PLANT.

Large Victoria. An excellent cooking variety; mammoth size and very tender. Pkt. 5c., oz. 20c., 1/4 lb. 50c., lb. \$1.75.

SAGE.

Pkt. 5c., oz. 25c., 1/4 lb. 75c., lb. \$2.50.

SPINACH.

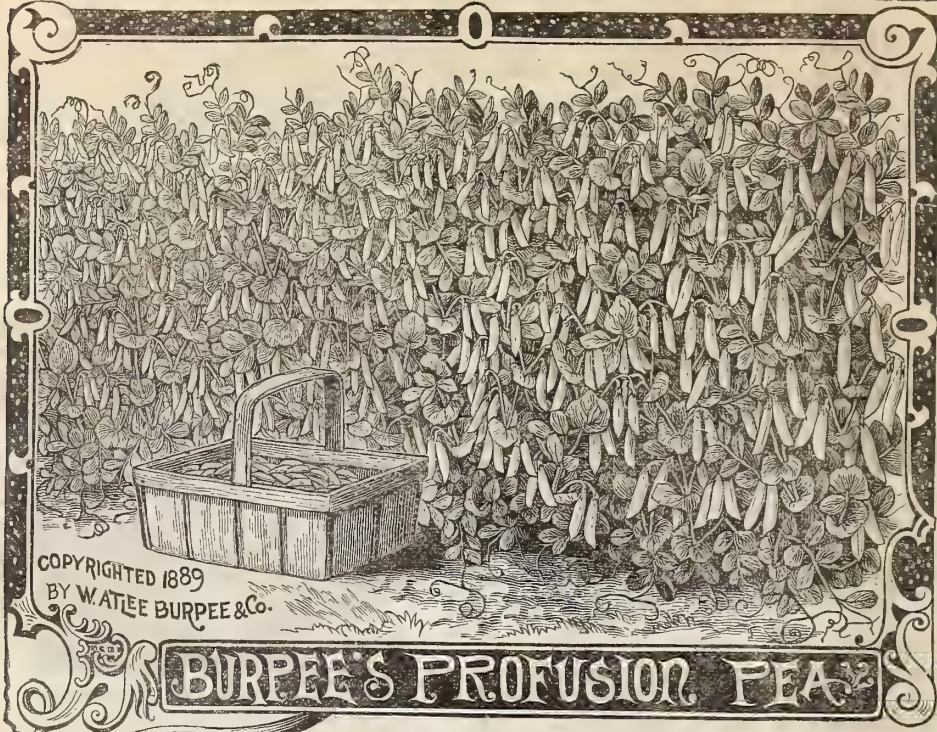

New Long Standing. This is decidedly the best variety for spring sowing, as it stands fully two weeks longer than any other sort before running to seed. Pkt. 5c., oz. 10c., 1/4 lb. 20c., lb. 50c.

POSTPAID.

All seeds quoted in this Catalogue by the Packet, Ounce, Pound, or Quart, (unless otherwise stated), will be prepaid to your nearest post or express office.

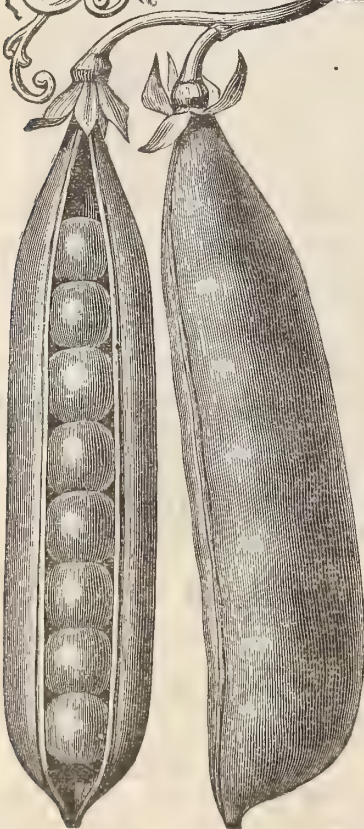

Peas.

BURPEE'S PROFUSION
Is of vigorous growth, and of a very branching character—four to eight laterals starting from the root. The haulm is very stout, the main stem usually branching at the first three to five nodes above the ground. The pods are usually produced in pairs, from fifty to ninety pods to the plant; they are well packed with large, luscious Peas, of very sweet and splendid quality. The Peas are of very large size, often one-half inch in diameter when green, and are packed closely together in the pods, five to nine in a pod. The plants are continuous bearers, extending

BURPEE'S PROFUSION PEAS

EARLY MAY.

***Early May.** This grand new wrinkled pea is one of the very best grown. It is very dwarf, growing from 8 to 15 inches high, literally covered with large, plump pods, ripening uniformly, and of splendid flavor. Earlier than American Wonder. Pkt. 5c; ½ pt. 15c; pt. 25c; qt. 45c, postpaid.

tending over a period of several weeks. Its immense productiveness, stout healthy growth and fine quality must make it a leading variety for main crop as soon as it becomes thoroughly known.

This is one of our 1894 Pea novelties, and should be ordered by everyone. Pkt. 10c. 2 pkts. 15c. Pt. 30c. qt. 50c. postpaid.

The following four excellent varieties are, pkt. 5c. ½ pt. 15c. Pt. 25c. Qt. 40c. postpaid. By freight or express, pk. \$1.35. Bu. \$4.75.

Philadelphia Extra Early. An extra early sort of good quality; very prolific.

Improved Dan'l O'Rourke. One of the earliest and a popular market variety; pods well filled.

First and Best. Very early, of excellent flavor, and ripens with great uniformity.

Rural New Yorker. Very early and of most even growth and maturity.

The two following sorts are, pkt. 5c. ½ pt. 15c. Pt. 25c. Qt. 45c postpaid. By freight or express, pk. \$1.75. Bu. \$6.50.

***American Wonder.** One of the best for family use. Large pods, very early, dwarf growth and of delicious flavor.

Tom Thumb. This is the best known pea in the country. Grows to a height of 5 to 8 inches.

***Little Gem.** Very prolific and of a superior flavor; height one foot. Pkt. 5c; ½ pt. 15c; pt. 25c; qt. 45c. Postpaid. By freight or express, pk. \$1.50 bu. \$5.50.

Gray Sugar Pea. About 20 inches high. Being an edible podded variety, it should be used in the same way as a wax bean; pkt. 5c; ½ pint, 15c; pt. 25c; qt. 45c. Postpaid. By freight or express, pk. \$1.75; bu. \$6.75.

***Champion of England.** We consider this the equal to any in cultivation, and is always more salable than any other sort; pkt. 5c; ½ pt. 15c; pt. 25c; qt. 40c, postpaid. By freight or express, pk. \$1.50; bu. \$4.80.

***Telephone.** Immensely productive, of the finest quality, and excellent sugary flavor; vines very strong; the pods are of a large size, with six or seven large delicious peas; the largest sized shell pea ever introduced; pkt. 5c; ½ pt. 15c; pt. 25c; qt. 45c. postpaid. By freight or express, pk. \$1.80; bu. \$6.00.

Large Marrowfat. Pkt. 5c; ½ pt. 15c; qt. 35c; by freight or express, pk. 75c; bu. \$2.50.

Canada Field. By freight or express, pk. 65c; bu. \$1.85.

Wrinkled sorts are marked thus *; and should be sown thicker in the row than the smooth varieties, as they are more likely to rot.

Parsnips.

Improved Guernsey. Half Long or Delmonico. A very fine cropper; roots very smooth, flesh fine grained and of excellent quality; roots do not grow so long as the Hollow Crown, but are of greater diameter and more easily gathered. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. 75c; Postpaid.

Improved Crown. We offer a greatly improved and wonderfully fine strain of true improved Crown Parsnip. The roots do not grow as long as the old hollow crown variety, are of larger diameter and more easily gathered. It is a very heavy cropper; the roots are very smooth, flesh fine grained and of excellent quality, the best quality for market or home garden; pkt. 5c; oz 10c; ¼ lb 30c; lb 90c, postpaid.

1. **Philadelphia White "Box."** Short top, rapid growth, fine quality, and showing no disposition whatever to become pithy with age. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 85c.
2. **Extra Early Scarlet Turnip or Salzer's Earliest.** Deep scarlet, small top variety, of quick growth. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 80c.
3. **Early Scarlet White Tipped, or Rosy Gem.** Deep scarlet top, white at the tip; tender, crisp and delicious, being fit to pull in 15 to 20 days from sowing. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 30c., lb. \$1.00.
- Early French Breakfast.** Oval shape, scarlet, tipped with white. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 75c.
- Long Scarlet Short Top.** Brittle and crisp, quick growth, color, bright scarlet. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., $\frac{1}{2}$ lb. 40c., lb. 75c.
- White Strasburg, or All-Year-Around.** Brittle and tender, retaining its crispness. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 90c.
- Our Early Electric.** (See back cover.)
- California Mammoth Winter.** Very large size, tender and crisp. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 90c.
- China Eose Winter.** Pink color, excellent quality, and one of the best varieties for winter use. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 95c.
- Black Spanish Winter.** Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 75c.
- Long Black Spanish.** One of the latest as well as the hardest of the radishes. Roots oblong, black, of a very large size and firm texture. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 75c.

ORANGE MARROW SQUASH.

The skin is a rich, deep orange, making the squash of very handsome appearance. It grows as large as the Hubbard; the flesh is very thick, fine grained and of choice quality. The squashes are in prime condition from September to January. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c., lb. 85c.

Melvin Lovell, Latah County, Idaho: The seeds I received from you last year gave good satisfaction.

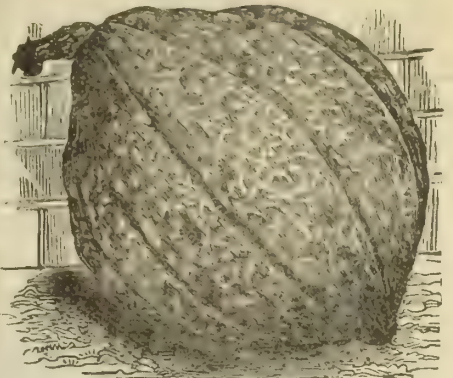

CHARTIER, OR SHEPHERD'S
Of American origin, and the best variety for all purposes in cultivation, having no equal in size, shape

and quality; it is early and remains tender and crisp from 4 to 6 weeks after they are ready for use; deep pink in color at the top, shading to pure white at the tip; good for spring summer and fall; pkt. 5c., oz. 10c., 1-4 lb. 25c., lb. 80c.

Wm. G. SPRACKLEN, Parker, Texas: I prefer your seeds to any other I have ever used. I had the best garden this last season I ever had entirely from your seeds.

Our Northern Grown Seeds do better in the South than any others. READ OUR TESTIMONIALS from Texas and Louisiana.

Squashes.

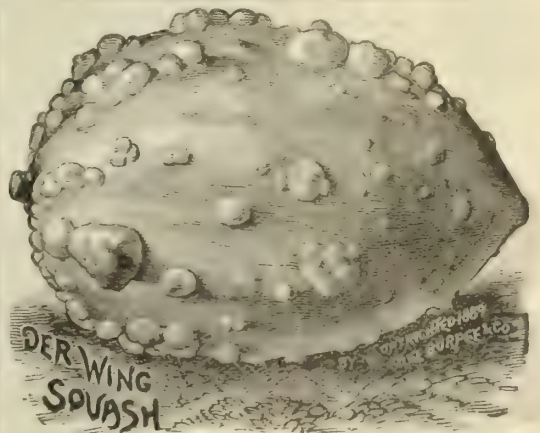

KI-OTE SEED CO.'S IMPROVED HUBBARD.

Decidedly one of the best squashes ever introduced. Flesh, bright orange; very dry, sweet and rich flavored. We recommend this variety as superior for winter use. It keeps perfectly through the winter, and has long been one of the most popular varieties in cultivation. Owing to the fact that we had an "unusually large yield" of Hubbard seed the past season, we are enabled to offer the seed at a much lower price than any other seedsmen in the country. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., $\frac{1}{2}$ lb. 35c., lb. 65c.

Early Bush, or Patty Pan. An extra early fine shipping variety and of the best quality; is very productive everywhere and an excellent selling variety on all our markets. Pkt. 5c., oz. 10c., 1-4 lb. 20c., lb. 70c.

Early Summer Crookneck. A small crook-neck summer squash and one of the best of the summer varieties; golden in color, skin profusely warted; flavor superior; should be more widely cultivated. Pkt. 5c., oz. 10c., 1-4 lb. 20c., lb. 75c.

Perfect Gem. This variety is a vigorous grower. On a single vine have been counted 24 perfect squashes within a distance of 3 feet. Fine for summer and winter; creamy white color, thin skin, with fine grained, delicious flavored flesh; just the size for family use. Flesh is dry, sweet and rich in flavor. A splendid keeper, and very desirable for early planting. Pkt. 5c., oz. 10c., 1-4 lb. 30c., lb. 90c.

DER WING SQUASH.

This new Squash was brought to this country from China and named "Der Wing" in honor of the introducer. Color of the flesh is light yellow, and is very sweet. It is very productive and very hardy. It has a rather hard shell which is completely covered with warts. Pkt. 10c., oz. 20c., $\frac{1}{4}$ lb. 60c., lb. \$2.00.

Don't forget to include in your order the DAKOTA NATIVE TREE CURRANT.

Squashes Continued.

Sibley, or Pike's Peak. The shell is pale green in color, very hard and flinty, but so very thin and smooth as to occasion the least possible waste in baking. The flesh is solid and thick, a vivid, brilliant orange color, dry, and of a rich, delicate flavor; pkt. 5c., oz. 15c., 1-4 lb. 35c., lb. 90c.

Marblehead. A winter sort resembling the Hubbard, but with harder shell and bluish color very solid and heavy and a good late variety; pkt. 5c., oz. 15c., 1-4 lb. 35c., lb. 90c.

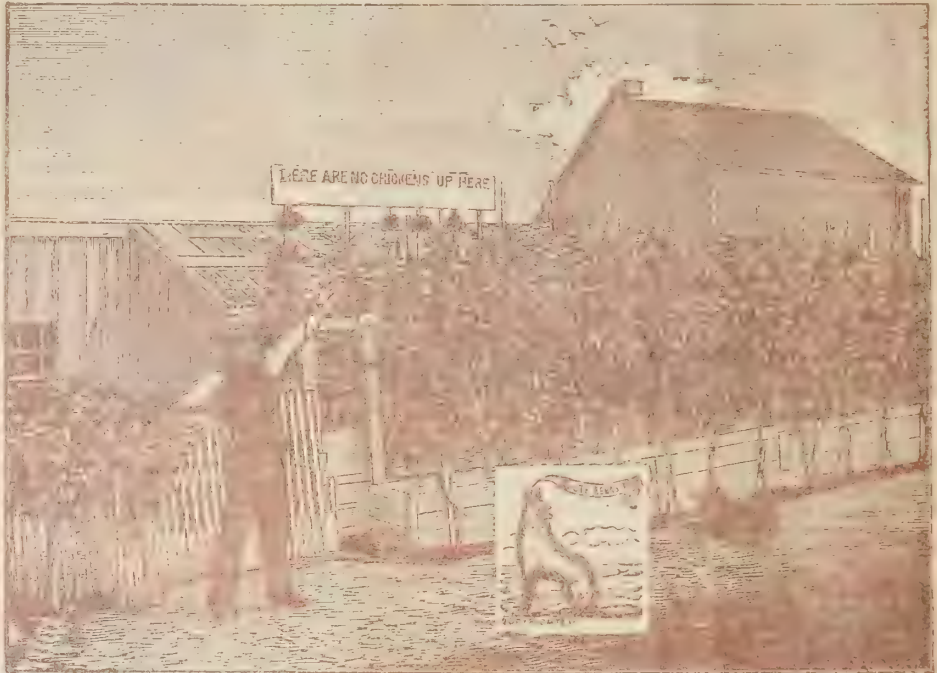

Mammoth Chili. Grows to enormous size. They are most profitable for stock feeding, particularly when root crops are not largely grown. The outer color is a rich orange, the skin is quite smooth, the flesh is very thick and of a rich-yellow color; quality very nutritious. It is the "Jumbo" of the squash family. Pkt. 5c., oz. 10c., 1-4 lb. 25c., lb. 90c.

Who will get our \$50.00 GOLD WATCH?

The Chicago Inter Ocean says: We are in receipt of a basket of Tree Tomatoes from an old subscriber, William Mansfield. Not one weighs less than one pound, and several over that. The fruit is solid, the flavor delicious. Mr. Mansfield has been perfecting the fruit for 20 years. He says he gets ripe fruit from July 4th until frost. The trees stand eleven feet high, loaded for eight feet with ripe fruit, and with green fruit to the top. Many samples measure six inches in diameter, and weigh two pounds each.

LEONARD HAZELDON, Day Co., S. D. The tomato seed we got of you did splendid.

**\$50.00
WATCH.**

MANSFIELD'S NEW MAMMOTH TREE TOMATO.

A northwestern seedsman says of this tomato: "The past season it grew to a height of over fifteen feet, and produced tomatoes of enormous size and most delicious flavor." Mr. William Mansfield has spent twenty years in growing and experimenting with the tomato, and success at last crowned his efforts. We have grown almost every tomato that has been introduced for a number of years, and must confess we have never seen anything that would equal the Mansfield in growth and productiveness. All who desire a novelty in tomatoes try the Mansfield. Pkt. 15c., 2 pkts. 25c., 4 pkts. 40c.

Strawberry, or Winter Cherry Tomato.

This, unlike other varieties, grows in a husk or pod, and may be kept all winter if the husks are not removed. The fruit has a pleasant, strawberry-like flavor, and is much relished raw, but is generally used for preserves, for which it is very excellent. It also makes very nice pies and is very fine dried in sugar. They grow well in any soil, are easier raised than tomatoes, and are prolific bearers. Our customers had splendid success with our Strawberry Tomato last season. Pkt. 10c., 3 pkts. 25c., oz. 50c.

New Dwarf Champion (or Salzer's New Pot.) One of the most distinct and valuable tomatoes of recent introduction. Dwarf, stiff habit, scarcely needing any support. This is undoubtedly the very earliest good sized tomato grown and wonderfully prolific. Color, rich bright scarlet. Is perfectly round and smooth, of medium size, contains few seeds. Our experience in growing tomatoes in the Northwest is that the "Dwarf Champion" excels all other varieties, on account of its "extreme earliness," ripening ten days to two weeks earlier than any other large variety. The very best variety for Dakota, or anywhere where the seasons are short; pkt. 10c., 3 pkts. 25c., oz. 35c., 1-4 lb. \$1.00, lb. \$3.00.

J. G. RYERSEE, Tangipahoa Parish, Louisiana: Please send me some of your Dwarf Champion Tomato seed. A friend sent me a few and they bore a nice large tomato very early.

Pineapple. As a winter squash ahead of every other variety for making pies and custards; which in flavor resembles cocoonut; a pure white, unusually thick flesh; good both for summer and winter; pkt. 5c., oz. 10c., 1-4 lb. 25c., lb. 90c.

Boston Marrow. A standard sort of fine quality, rich orange color and a splendid keeper; pkt. 5c., oz. 15c., 1-4 lb. 35c., lb. 90c.

SALSIFY, OR VEGETABLE OYSTER.

Mammoth Sandwich Island. This variety is of enormous size, twice as large as the French; pure white, very tender and delicious. Invaluable for market gardeners; pkt. 10c., oz. 25c., 1-4 lb. 60c., lb. \$1.75.

White French. Pkt. 5c., oz. 20c., 1-4 lb. 45c., lb. \$1.50.

The most delicious and handsome tomato ever introduced. The color is of deep rose and orange amber, and covered with a delicate furze like a peach. The fruit is tender and free from any core or hardness around the stem. For preserves and all other uses it is equally desirable. Pkt. 10c, 3 pkts., 25c, oz. 50c.

Turner Hybrid, or Mikado. This new variety, also called the \$1.00 Tomato, originated in Iowa, and is entirely distinct from all known varieties. The fruit is extra large in size, round, smooth, very thick through, and remarkably solid. Color is a deep, brilliant red. This variety will please you well. Pkt. 10c, oz. 30c, 1/4 lb. 50c.

TURNER HYBRID, OR MIKADO

SEE OUR \$50.00 WATCH OFFER

McCOLLUM'S HYBRID TOMATO.

This is one of the grandest large tomatoes ever introduced by any seedman. It is a strong vigorous rapid grower. Fruit large and smooth of a beautiful red color. Plants very early, and hardy. Is a splendid substitute owing to density of foliage shade from hot sun. It is a most successful variety. Altogether this is one of the very best tomatoes in cultivation. The fruit is of the finest quality, and is similar to Hebers's variety. Pkt. 10c, 3 pkts., 25c, oz. 50c.

Yellow Plum. Shape, uniformly oval and perfectly smooth; color, lemon yellow; used for preserves. Pkt. 5c, oz. 25c.

Red Cherry. A small, round, red tomato, of the shape and size of a cherry; fine for pickling and preserves; ripens ahead of any other variety. Pkt. 5c, oz. 25c.

Pear Shaped. Used for preserving and pickling. Pkt. 5c, oz. 25c.

Early Mayflower. One of the quickest ripening, glossy red tomatoes. Pkt. 5c, oz. 25c, 1/4 lb. 85c.

Livingston's Beauty. Fruit of medium size, borne in clusters of four and five; glossy crimson color; ripens evenly without cracking, and is free from rot. A valuable sort for market gardeners as they ripen up well when picked green. Pkt. 5c, oz. 20c, 1/4 lb. 60c.

Mrs. Sarah T. Miller, Watonwan Co. Minn.: I sent you an order last year and was well satisfied with the seeds, and as you see, I have doubled my order this year. Dwarf Champion tomatoes are splendid.

Livingston's Favorite Tomato. Ripens evenly and early; free from cracks and does not rot; very prolific, good flavor, few seeds, flesh solid; Pkt., 5 cts.; oz., 25 cts.; ¼ lb., 60 cts.; lb., \$2.00.

Golden Mikado Tomato. Large, golden yellow, and extra fine for preserves, also splendid for table use. Pkt., 5 cts., oz., 25 cts., ¼ lb., 75 cts.

TOBACCO.

Connecticut Seed Leaf. Best variety grown. Pkt., 5 cts., oz., 80 cts., ¼ lb., 75 cts., lb., \$2.75.

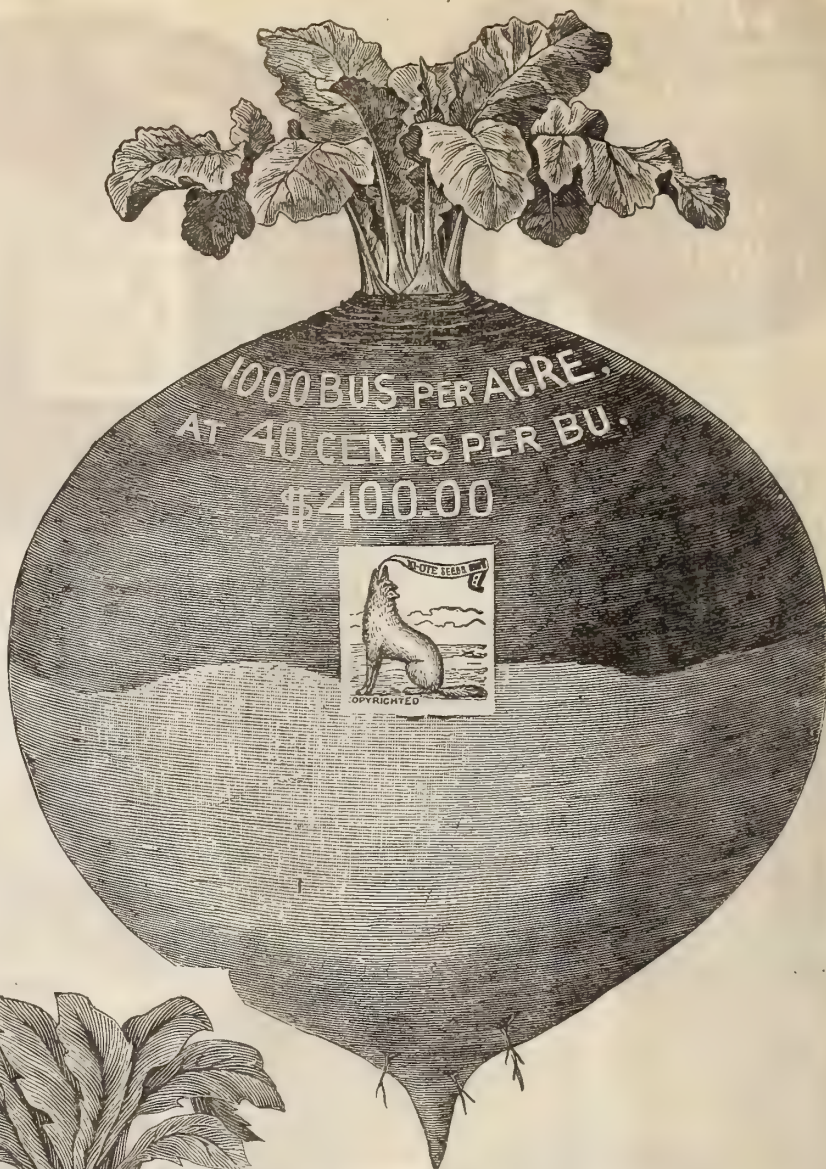

TURNIPS.

Extra Early Purple Top, Strap Leaved. Flesh pure white, solid, fine grained and of the choicest quality; Pkt., 5c., oz., 10c., ¼ lb., 25c., lb., 60c.

Yellow Aberdeen. Tender and sugary; very solid; Pkt., 5c., oz., 10c., ¼ lb., 25c., lb., 65c.

Extra Early Purple Top Milan. Tops very small. The most desirable sort for forcing; Pkt., 5c., oz., 15c., ¼ lb., 35c., lb., \$1.15.

Salzer's Milk, or White Globe. We have the best white turnip for winter use grown. It is globe shaped, grows very large, of delicious flavor, sweet, juicy, white flesh, solid texture—just the turnip to grow for stock and to store for your kitchen. It is an enormous cropper, and sells well in the market. Pkt. 5c., oz., 10c., ¼ lb. 20c., ½ lb. 35c., lb. 60.

MAMMOTH STRAP LEAF TURNIP.

Dakota has the reputation of growing the largest and finest turnips of any state in the union, and in the Mammoth Strap Leaf, we have a variety that can't be beat, either for table use or stock-feeding. Fine keeper. Excellent quality, sweet, juicy and tender, enormous cropper, sells well in the market, and always takes the prize. Pkt. 10c., 3 pkts. 15c., ¼ lb. 25c., lb. 85c.

MAMMOTH SIBERIAN RUTABAGA.

This wonderful Rutabaga is the very LARGEST and FINEST variety in cultivation, yielding at the rate of 1,000 bushels per acre on sod. Our illustration is a good representation of its fine shape. It is a yellow meat ed variety; grows very firm and crisp; a remarkably good keeper, fine for table use, and the VERY BEST stock of Rutabaga in existence. Pkt. 10c., 3 pkts. 15c., ¼ lb. 25c., lb. 85c.

Skirving's Purple Top Rutabaga. An improved yellow variety of large size. Pkt. 5c., oz., 10c. ¼ lb. 30c., lb. 50c., 5 lbs. \$1.90.

Dak. Gem Rutabaga. This is one of the very finest yellow rutabagas ever grown. Pkt. 5c., oz. 10c., ¼ lb. 20c., ½ lb. 30c., lb. 55c.

White Sweet German Rutabaga. Large size, oval form and very solid and sweet. Pkt. 5c., oz. 10c., ¼ lb. 25c., lb. 70c.

Early White Flat Dutch Turnip. A very popular sort either for table use or for market. Pkt. 5c., oz. 10c., ½ lb. 30c., lb. 50c.

Early White Model Turnip. The earliest and best white turnip for table use. Pkt. 5c., oz. 15c. ¼ lb. 25c., ½ lb. 45c., lb. 75c.

Choice Varieties of Flower Seeds.

On examination of the following pages, it will be noticed that we do not offer every variety known to cultivation, for the reason that we wish to keep in stock the kinds that have proved most satisfactory and successful in all parts of the country. Many of the new named monstrosities, offered by some seedsmen, are nothing but NOXIOUS WEEDS, that when once started in your gardens will be impossible to eradicate.

You can't miss having a fine flower garden if you will plant a good assortment of the old, standard and tried varieties. A good many persons fail to get flower seeds to grow as they should, which, in almost every instance, is the fault of the planter, on account of planting too deep or too shallow, too late or too early. Sow the seed at the proper depth, which in every instance should be governed by the size of the seed. If a very fine seed is sown as deep as a large one it will be unusually long in starting, and more likely will perish in the ground after starting for want of sufficient strength to force a passage through the soil. Owing to the fact that our flower seed trade for '93 increased full five hundred per cent. over '92 is as good proof as we want that our flower seeds ARE OF THE BEST.

DISCOUNTS on flower seeds are as follows, viz: For 50 cents the customer may select seeds to the amount of 65 cents, and for \$1.00 select to the amount of \$1.35, and for \$2.00 select to the amount of \$2.75. All flower seeds sent POSTPAID.

ABUTILON.

ABUTILON.

(Flower'g Maple.)

Although universally admired few are aware how easily Abutilons can be raised from seed and how beautifully they flower the first season. To get them in bloom early the seed should be started in the house. They grow rapidly, bearing a rich profusion of elegant bell-shaped flowers. They also make

ALLYSSUM.

splendid house plants, blooming freely in winter. Choicest mixed, pkt. 15c.

ALLYSSUM.
(Sweet.)

A delicate, fragrant, white flower, valuable for borders and cut flowers. Pkt. 5c.

ANTIRRHINUM.

**KI-OTE SEEDS
GROW.**

BALSAM.

(Ladyslipper, or Touch-me-not.)

One of the most beautiful and popular annuals, forming a cone of clear colored and finely variegated, carnation-like flowers, easily transplanted. Double Camella, pkt. 10c.; choice mixed, pkt. 5c.

'Antirrhinum.
(SNAPDRAGON.)

Bears very beautiful spikes of gay colored flowers, and should have a place in every garden. They are quite easily propagated by cuttings, and if rooted in the fall they make elegant pot plants for early spring bloom. All colors mixed. Pkt. 5c.

ADONIS.
Pheasant's Eye

Plants with fine and graceful foliage and brilliant scarlet flowers, remaining a long time in bloom. Pkt. 5c.

Canary Bird Flower.

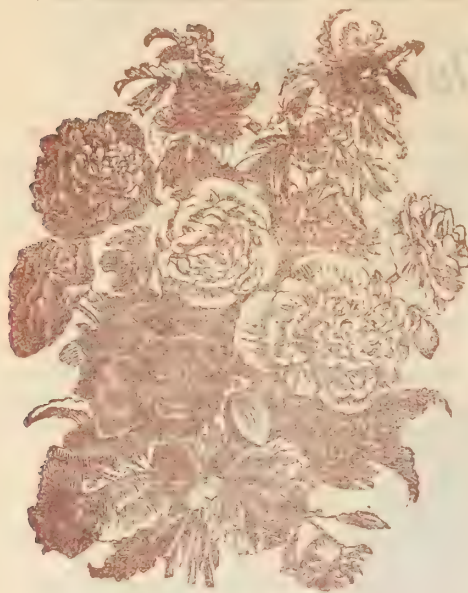

Grandy beautiful, climbing rapidly and producing great abundance of yellow fringed flowers. If grown to run up an evergreen tree, the blossoms resemble canaries hiding in its branches. Pkt. 5c.

ASTER.

No family of plants bear such distinct marks of progress as the Aster, and none are more eagerly sought. They are very easily grown, succeeding admirably in all kinds of soil, producing a display of richly-colored double blossoms. Require plenty of water. Choice prize mixture, pkt. 10c.

Needle Quilled, Mixed, pkt. 5c.

BEGONIA.

BEGONIA.

Quite popular for planting out in the spring, and should be set out as soon as the ground is warm. They are likewise highly prized for window gardening. Bloom the first season from seed. Our mixture includes the handsomest shades of all colors. Single mixed, pkt. 15c. Double mixed, pkt. 25c.

Carnations.

Fragrant flowers are always sought after, and the rich, spicy odor of the Carnation, positively delicious, combined with its varied colors and handsome form, leaves but little to be desired. They are very easily grown and bloom freely, either as bedding plants in summer, or in the greenhouse, or window garden in winter.

GERMAN DOUBLE.—Mixed pkt. 10c.

CARNATIONS.

CINERARIA.

CINERARIA. A free-flowering house plant of wondrous beauty with flowers of great richness and diversity of color, blooming during the winter.

Hybrida Grandiflora.—Large flowering varieties, pkt. 25c.

CONVOLVULUS MINOR. (Morning Glory Dwarf.) Flowers of rich shades, some specimens rivaling the Pansy in richness of color. Pkt. 5c.

Convolvulus Major. See Morning Glory.

CENTAUREA. (Bachelor's Button.) The national flower of Germany. Very showy free-flowering plants, and are well adapted for ribbon borders and carpet bedding. Mixed, pkt. 5c.

CAMPANULA. (Bellflower.) Very attractive plants with pretty bell-shaped flowers; of very easy cultivation. Mixed colors, pkt. 5c.

CASTOR BEAN. (Ricinus.) An elegant plant for the lawn, with leaves of glossy hue, and long spikes of scarlet and green, growing from six to fifteen feet in height. All varieties mixed. Pkt. 5c.

DIANTHUS. (Pink.) Splendid large flowers of the richest and most brilliant colors and markings, constantly in bloom from July till after severe frosts the first and also the second year. Choice mixed, pkt. 5c.

DIGITALIS. (Foxglove.) Long spikes of beautiful thimble-shaped flowers, 3 ft. Hardy perennial. Mixed, pkt. 5c.

DOLICHOS. (Flowering Bean.) Splendid climber with clustered spikes of purple and white flowers; of rapid growth. Pkt. 5c.

COCKSCOMB. (Celosia.) Magnificent plant bearing enormous rich and brilliant heads of flowers, often as large as the plant itself, perfectly gorgeous. Fine mixed, pkt. 5c.

New French Japan. Pkt. 10c.

CANDYTUFT. A beautiful and most useful plant for growing in beds or masses; used extensively by florists for cut flowers. Mixed, pkt. 5c.

CLARKIA. Favorite annuals, with pretty, cheerful looking flowers, growing freely and blooming profusely in any garden loam. Fine mixed, pkt. 5c.

CYPRESS VINE. (Ipomea.) One of the most beautiful of the climbers; fine delicate cut foliage, dotted with small scarlet, star-shaped flowers. For covering pillars, trellis-work, etc., it is unsurpassed for grace and beauty. Height 8 feet. Fine mixed, pkt. 5c.

CACTUS, RARE AND FREE-BLOOMING. We have a fine collection of mixed cacti especially selected for early blooming and fine display. They require absolutely no care and will grow for months without watering, increasing in value yearly. Plant seed in box of sand, water sparingly and cover with glass. Pkt. 10c.

CHRYSANTHEMUM. The great and growing demand for the annual varieties has brought Chrysanthemums into general favor. The colors have the appearance of being laid on with a brush, and for this reason they are frequently called, "Painted Daisies," and are indeed charming. Mixed colors, pkt. 5c.

CLEMATIS. Universally admired climbers, being remarkable for beauty and fragrance of their blossoms. Fine for covering arbors, verandas, etc. Hardy perennials, but some little protection in northern latitudes is advised. Fine mixed, packet 10c.

DAISY. (Bellis.) Popular perennials, blooming the first year from seed; very handsome for borders or pots. Best mixed, pkt. 10c.

CONVOLVULUS MINOR.

NEW SINGLE DAHLIAS. Much labor has been expended upon these New Single Dahlias to bring them to their present state of perfection. In England they have attained a notoriety almost amounting to a mania, being used for corsage and personal adornment, for table designs, for baskets and vases. They are covered with bloom, and the more they are cut the more flowers are produced. Pkt. 10c.

Double Mixed.—From named sorts, pkt. 10c.

ESCHSCHOLTZIA, (California Poppy). A bed of Eschscholtzia in the sunshine makes a blaze of brilliant and showy color. Sow plants where they are wanted to bloom as they don't bear transplanting. Elegant mixture, pkt. 5c.

EUPHORBIA, (Snow on the Mountain). Foliage variegated green and white. Effective garden annual; height 2 ft. Pkt. 5c.

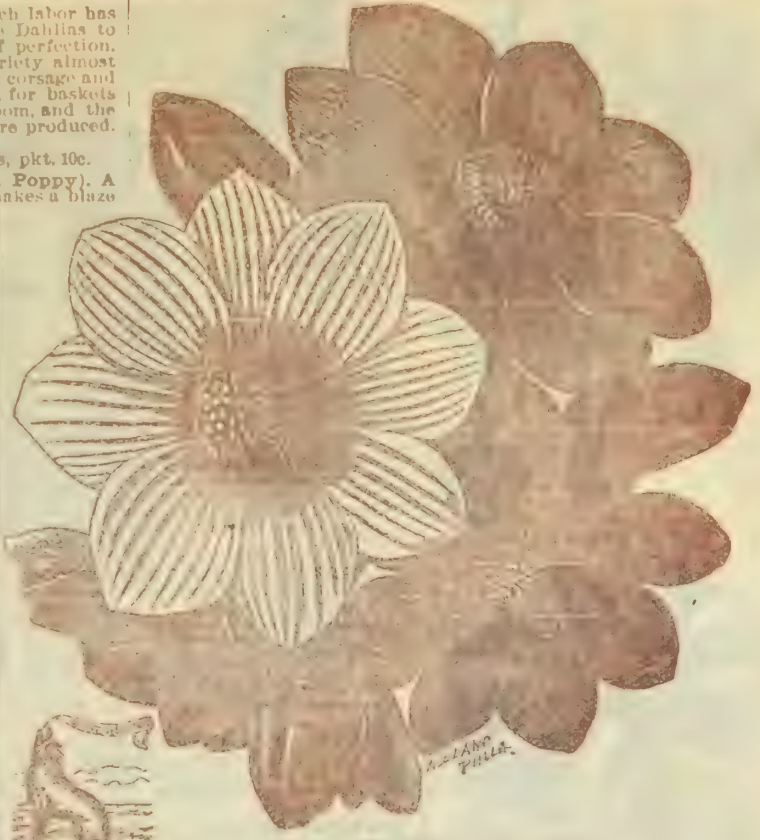

FOUR O'CLOCK, (Marvel of Peru.) A handsome plant, making an attractive display of its many colored flowers, from the middle of June till frost. Pkt. 5c.

FORGET-ME-NOT, (Myosotis). This beautiful little flower is too well known to require description or recommendation. Fine mixed, pkt. 10c.

GODETIA A beautiful, new variety; the plant of neat, dwarf, compact habit, with a profusion of rich, carmine-rose flowers, produced in a succession of bloom till frost. Pkt. 5c.

GOLDEN ROD. Much interest is now taken in this plant as it is named as a candidate for our national flower. Extremely hardy and much admired. Fine yellow. Pkt. 5c.

GLOXINIA. The Gloxinia is a grand flower, and makes a lovely pot plant as easily grown and cared for as many of the common flowers. Without seeing them no one can appreciate their unrivalled beauty; they are of large size, beautiful shape and profuse bloomers. They will bloom in three months from time seed is sown. All varieties mixed, pkt. 5c.

NEW SINGLE DAHLIAS.

GERANIUM.

GERANIUM. These favorite plants are easily raised from seed, which will frequently reward the cultivator with charming new varieties. Plants from seed started early will bloom the first summer in the garden, and can be potted for winter flowering in the house.

Our Extra Mixture. Contains such grand varieties

as **APPLE BLOSSOM, Fire Fly, &c.** Pkt. 40c

Common Mixed, Pkt. 20c.

HELIOTROPE. A well known and popular green house plant, fine for bedding, vases or baskets and exquisite for pot culture in winter. Fine mixed, pkt. 10c.

PRIZE DOUBLE HOLLYHOCK. (Seed from finest strains.) This is one of our handsomest ornamental varieties, giving spikes of flowers about five feet high, of almost every color. Seed sown in July will flower the following season. Mixed, pkt. 10c.

ICE PLANT, (Mesembryanthemum). A handsome and curious plant for hanging baskets, rock work and vases. The leaves and stems appear as though covered with ice crystals, and looks like rock candy. Pkt. 5c.

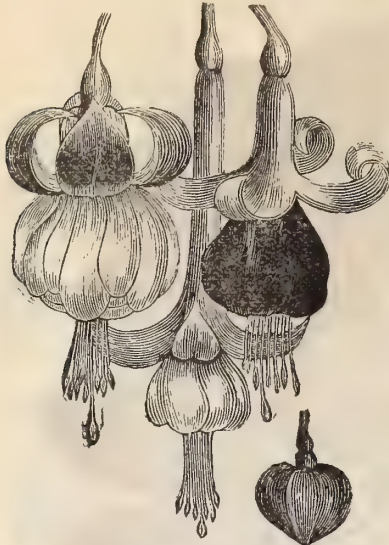

JOB'S TEARS. Curious ornamental grass from East India, with broad, corn-like leaves, and seeds of a light slate color. Valuable for formation of winter bouquets with ever-lasting flowers. Pkt. 5c.

LANTANA. Well known shrubby plants, with clusters of verbena-like flowers, and producing in great abundance. They have an agreeable aromatic perfume. Finest mixed, pkt. 10c.

LARKSPUR, (Delphinium). A fine variety of colors, shades of blue, red and others striped and mottled. When grown in vases make a fine display. Mixed, pkt. 5c.

LILY OF THE VALLEY. A sweet little plant, thriving in any common soil; it will do well in any shaded situation where few other plants will thrive. Pkt. 10c.

MIGNONETTE, (Reseda). A well-known favorite for pot or garden culture, with very fragrant spikes of flowers. Grows in light sandy soil, its fragrance is much stronger than when grown in rich soil. Sweet, pkt. 5c.

FUCHSIA.

FUCHSIA. Our seed of this well known and beautiful plant has been saved from a splendid collection of named varieties. Elegant mixed, double and single, pkt. 5c.

MOONFLOWER. (THE OLD VIRGINIA VARIETY.) It makes an immense growth of vine and dense foliage, but must be started early to flower well in the North. The large flowers are four inches in diameter, some a beautiful blue, and others a pure white in color. Pkt. 5c.

NICOTIANA AFFINIS. A robust grower, blooms most profusely throughout the season, being one of the last to go down beneath the touch of the Frost King. Its beautiful silvery stars make the air redolent with their delightful perfume. They are very desirable for vases. If potted in autumn they bloom well in winter. Pkt. 5c.

MORNING GLORY, (*Convolvulus Major*). A magnificent class of trailing annuals, some of which produce flowers of wondrous beauty. Pkt. 5c., oz. 25c.

MOURNING BRIDE

MOURNING BRIDE, (*Scabiosa*). One of the handsomest summer flowering plants with beautiful variegated flowers Pkt. 5c.

IDA COOK, Box Butte Co., Neb.—The seeds I bought of you last year all done well.

W. D. GRIM, Holt Co., Neb.—My package of seeds received all right. Many thanks for extras.

MARIGOLD, NEW GOLD STRIPED.

MARIGOLD, NEW GOLD STRIPED. "Gold striped" is a new French variety and can be highly recommended as being one of the best ever sent out. The plant is very compact and dwarf in growth, attaining a height of only six to eight inches, with a diameter of about twelve inches. Pkt. 10c.

Common Varieties, Choice mixed, pkt. 5c.

OXALIS. Very attractive and beautiful plants, with richly colored flowers, suitable for rock-work and rustic baskets. Half hardy perennials. Height, six inches. Pkt. 10c.

PAMPAS GRASS. An elegant and graceful ornamental grass. Pkt. 5c.

POPPIES. The dear old flower which our grandmothers loved so much, again occupies one of the first places in our gardens. Some of the flowers are as large and double as the Peony, others with strange and handsome markings. For brilliant, dazzling colors, these new poppies are equaled only by the Tulip. Pkt. 5c.

PINK. Closely related to the Carnation and Picotee, plant dwarf and quite hardy; flowers beautiful and fragrant. Pkt. 5c.

ASLANE PINK

MOSS ROSE.

MOSS ROSE, (*Portulacca*). Beautiful and popular Hardy Annuals, producing throughout the summer their flowers of almost every hue in the greatest profusion. Double, all colors mixed, pkt. 10c.

Single All colors mixed, pkt. 5c.

NASTURTIUM.

NASTURTIUM. No annual gives more and finer blossoms than this. Our strain of these cannot be surpassed in the country.

Tall.—Choicest fine mixed, pkt 5c.; oz. 25c.

Tom Thumb, or Dwarf.—Fancy mixed, Pkt. 5c. oz. 30c.

SMILAX. One of the most desirable window vines on account of its charming foliage, and will grow several feet high the first season. Fine for hanging baskets. Pkt. 10c.

MISS MARY MYERS, Enmet Co., Iowa.—The Pansy seed that I got of you did splendidly and everybody admired my Mammoth Verbenas.

STOCKS, TEN WEEKS. This plant embraces wonderful range of colors, unsurpassed for beds, borders or pot culture.

Large Flowering Dwarf German. Finest varieties mixed, pkt. 5c.

SWEET WILLIAMS. Matchless border plants, flowers of many bright colors and varied markings, including the finest varieties. Single and double mixed, pkt. 5c.

STATICE, (*Lavender*). An excellent flower, both for cutting, when fresh, and also for winter bouquets; light yellow and white. A spray of this with a Carnation and a Geranium leaf completes a button hole bouquet. Pkt. 5c.

Mrs. MARY A. BROWN, Minn.—I was well pleased with the seeds I got of you last year.

C. J. HANSON, Codington Co., S. D.—The seeds I got from you last year was first-class.

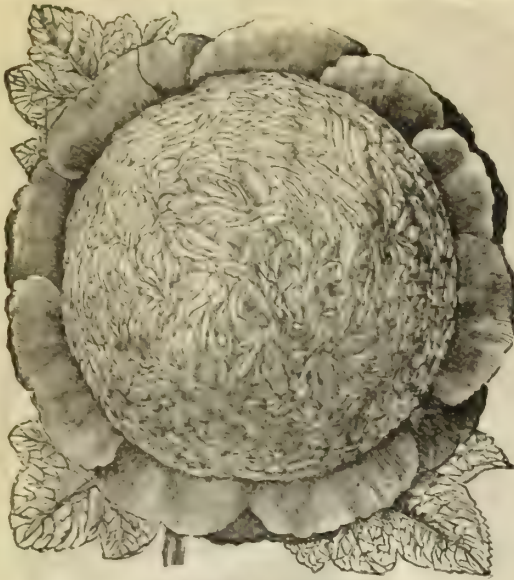

MUSK PLANT.

MUSK PLANT, (*Mimulus*). Full musk fragrance. Strikingly handsome flowers of easiest cultivation. Pkt. 10c.

M. M. CHICKEN, Knox Co., Neb.—I got sixteen Dahlias from the seed I got of you. I thought they done well. The Prize Taker and Madrid Giant Onions done well. I got seeds from five other firms and yours done the best. I am not going to send for any seeds this spring to other firms.

GEO. RICHARDS, Minn.—The seeds I got from you last year done well indeed with the exception of Lazy Wife's Pole Bean. I think we live too far north for them.

PRIZE DOUBLE HOLLYHOCK.
Prize Double Hollyhock. Pkt. 10c.
Single Mixed. Pkt. 5c.

PHLOX DRUMMONDII (GRANDIFLORA.)
PHLOX DRUMMONDII, (GRANDIFLORA.)
(Superb Mixed.) A Magnificent new class with flowers large as those of the Perennial Phloxes. The colors we offer in our "superb mixture" are very positive and perfectly gorgeous in their brilliancy. Their long duration in bloom, combined with their almost unequalled richness of color, renders them of invaluable service in the flower garden, and a finer sight than a bed of Phlox Drummondii is rarely to be seen. Pkt. 10c.
HARDY PHLOX. This is a perennial and perfectly hardy. Fine mixed, pkt. 5c.
Phlox, Common mixed, pkt 5c.
SALPIGLOSSIS. A beautiful half-hardy annual, with flowers of peculiar richness, very delicately penciled. In shape and size they resemble the Petunia.
Mixed Colors.—5c.

PRIMROSE, CHINESE.
PRIMROSE, CHINESE (Primula.)
Charming, profuse blooming plants, indispensable for winter and spring decoration in the house. Seed should be sown in a light, sandy soil, but slightly covered and kept moist. Extra choice, fine mixed, pkt. 25c.

VIOLET. The violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Hardy. Pkt. 10c.

GIANT SPIDER PLANT, (Cleome Pungens). The flowers are a deep purplish pink when they first open, but fade to light pink so that the lower part of the panicle is a different color from the upper. The stamens are several inches long, from which it derives the name spider flower. It is a strong robust grower, 4 to 5 feet high with great panicles of bloom as large as a Hydrangea and unaffected by wind or weather. Seed sown in the open ground in May will flower in July and continue in flower uninterruptedly until frost. Pkt. 10c., 3 pkts. 25c.

KITTIE ELLIS, Knox Co., Neb.—The Carnations and Balsams that I got of you were lovely. Many thanks for extra packets.

TORENIA.
Charming plants for pot culture, vases or hanging baskets. They are very attractive in beds or masses; the flowers are of great beauty, produced in abundance and are of long duration. Our SPECIAL MIXTURE, pkt. 10c.

MIMULUS. (Monkey Flower.) These flowers are remarkable for their rich and beautiful marking and spots; well adapted for vases, pots and baskets, and also for open culture in the garden. Height 1 foot. The seed is very delicate, and should be sown indoors, in boxes; transplant. Pkt. 5c.

WALL FLOWER. A very desirable class of winter bloomers; are deliciously fragrant, and many shades of color. Pkt. 10c.

WILD ROSE.

THE BEULAH WEAVER. The seed of this MAMMOTH VARIETY was gathered PERSONALLY by our manager from a bush OVER NINE FEET in height, and we have little doubt of its being the VERY LARGEST and MOST BEAUTIFUL Wild Rose to be found anywhere. Don't fail to order it. Pkt. of about 20 seeds, only 5c.

THE SUCCESSFUL FARMER OFFER should be taken advantage of by every person who is fortunate enough to secure a copy of this catalogue. Besides getting the value of your money in good seeds you get a valuable paper free.

PANSIES.

Pansy seed will not germinate well when sown where exposed to the hot sun and drying winds. This is where many fail in getting seed to germinate quickly.

KI-OTE SEED CO'S. IMPERIAL GERMAN MIXED. This is one of the finest mixed strains of Pansies ever put up by any seedsman in the country. Their characteristics are a compact habit, large and healthy foliage, and large sized flowers of great substance and beauty. They produce their large flowers throughout the entire summer almost an endless variety of charming shades of color, containing at least fifty different colors and markings. Pkt. 20c; 2 pkts. 50c.

BABY CLEVELAND PANSY. This is our grandest Pansy novelty. Pure satiny white with characteristic yellow dot in center of flower, sometimes marked nearer center with faint blue or purple lines, is especially adapted for cemetery planting or edging in the garden. Pkt. 10c.

RAINBOW, OR TIGER. Violet and yellow grounds, striped and blotched red, brown, gold, lavender, etc. Odd and beautiful. Pkt. 10c.

YELLOW PRINCE. Of perfect form and in color pure golden yellow; with the three lower petals distinctly marked with a large black-purple blotch. Pkt. 15c.

KI-OTE SEED CO'S IMPERIAL GERMAN MIXED.

RED FLOWERED VICTORIA.

RED FLOWERED VICTORIA. If you like Pansies this will please you. It is a really distinct, splendid acquisition; a brilliant blood red variety. In fact the first really brilliant red flowering Pansy offered. It is somewhat of the hue of wallflower. Pkt. 20c.

KING OF THE BLACKS. Flowers of immense size and almost a coal black. Pkt. 15c

GIANT TRIMARDEAU PANSY. The plants are vigorous and compact in habit. They present a notable difference from those of all known faces, in being of a size hitherto quite unattained in this genus. The flowers are the richest shades of colors, and have given exceptionally favorable results. Pkt. 15c.

EXTRA LARGE FLOWERING PANSY. A fine strain of mixed varieties. Pkt. 10c.

SMALL FLOWERING PANSY. Choice mixed, pkt. 5c.

PYRETHRUM, (Feverfew). The Pyrethrum is an exceedingly ornamental plant, succeeding in any good garden soil.

Double white-flowering. Pkt. 10c.

ODIER, OR FIVESPOTTED. Mixed flowers of various colors, each having five spots. Pkt. 10c.

KING OF THE BLACKS.

Selection OF ALL
SWEET PEAS,
 May well be called America's favorite, as it is such a popular and easily grown flower that rich and poor alike can enjoy its fragrance and beauty. Under this heading we have grouped a SELECTION OF THE BEST, MOST DISTINCT AND BEAUTIFUL varieties of New Sweet Peas introduced

THE BEST NEW SWEET PEAS

during the last few years. The flowers grow to an immense size, and the bloom is profuse, covering the vines with a gorgeous mass of color continuing during the entire summer, making a marvelous showing. They are varied in color, the marking being superb and the perfume delicious. They are hardy, free from insects and disease, and if cut freely as soon as they begin to fade will continue to bloom throughout the season.

Eckford's Large Flowering.

(ORDER BY NUMBER, AND NOT BY NAME.)

1. **Apple Blossom.** Bright Rose. Wings. Apple Blossom.
2. **Queen of the Isles.** Rose. Purple. Scarlet and White striped.
3. **Grand Blue.** Bright Blue, Mauve and Violet.
4. **Isa Eckforp.** Very large. The most delicate Pluk sort
5. **Queen of England.** Pure White. Very large and handsome.
6. **Boreatton.** A rich shining Bronzy Crimson, wings of beautiful Crimson Purple, shaded with Rose. **THE DARKEST SORT IN CULTIVATION.**
7. **Indigo King.** Maroon Purple, clear Indigo Blue Wings.
8. **Orange Prince.** Golden Yellow, Dark Wings shading to light.
9. **Duchess of Edinburgh.** Light Scarlet, splashed with Crimson, Wings tipped with Rose.

Separate Colors. Pkt. 10c., oz. 20c. Your own selection of six varieties, 6 pkts. 50c., or the entire collection for 70c. Above new and rare varieties mixed, pkt. 15c., oz. 35c.

Miss Blanch Ferry. This is a new Sweet Pea of great merit. Immense pink and white flowers of perfect form, which possesses deeper, richer coloring and are more fragrant than Painted Lady. Fully ten days earlier than any other sort; of dwarf, compact growth, requiring no support; a most profuse bloomer. It produces more flowers than any other variety, the vines being completely covered with them. The flowers have larger stems than other sorts, a point very important to the florist. It continues in bloom longer than any other. Pkt. 10c., 3 pkts. 25c.

Common Varieties Mixed. Pkt. 5c., oz. 15c.

Flower Garden Mixture.

Embracing over 100 varieties of Splendid flowers, blooming the first season. This mixture will be found very useful for ornamentation in Parks, about railway embankments, Hotels, Summer Resorts, Cottages, and in many other situations, and for sowing along fences and in bare spots of ground which are found about nearly every country place and farm house. The expenditure of a few cents will transform many such a spot from an eyesore to a scene of beauty, and will prove a source of constant pleasure, throughout the summer and fall. Price: Pkt. 10c., oz. 25c.

STRIPED ZEBRA.

This is the first strain of Striped Zinnias we have ever seen that was worth growing and with these only about one-half the plants will produce fine double striped flowers, the rest will be single or self colors. They represent all the leading colors, and all striped with some color different from the main color of the bloom. Pkt. 10c.

Common Mixed Zinnia. This mixture contains many varieties of different colors. Pkt. 5c.

PETUNIA. One of the best flowers for a splendid display through the entire season. Beautiful new colors, striped and marked in the most diversified manner. The ease of culture render the Petunia one of the most valuable of the annuals, and entitled to a generous share of the space in every garden.

Double Mixed.—Pkt. 30c. **Fine Mixed.**—Pkt. 5c.

LARGE FLOWERING MAMMOTH VERBENA. If the rose is the queen of flowers, the Verbena is certainly a princess in the royal family. The flowers of the New Mammoth are the largest Verbena known, while the clusters of bloom are magnificent and the range of color more varied than any other mixture. Without doubt this is the finest and best strain of Verbena seed in existence. Pkt. 10c.

Common Mixed Verbena. Pkt. 5c.

Hardy Roses.

Either Variety, 25 cents each or 7 for \$1.25. Postpaid.

QUEEN ESTHER. Bushes are large, strong and vigorous, foliage abundant. Flowers very large and of a rich pink, sometimes of a delicate creamy white with a golden center, and are delightfully fragrant.

GENERAL JACQUEMINOT. Rich velvety scarlet crimson; magnificent bud; often 6 inches in diameter. The most popular and finest hardy rose grown, blossoms several times during the summer.

GLOIRE LYONNAISE, (Yellow). This cannot be called deep yellow, but rather a shade of salmon yellow, deepest at center, finely tinted with orange; the flowers are large and full and delightfully sweet.

MADAME PLANTIER. Pure white, large, very double flowers; most profuse bloomer, perfectly hardy. Suitable for cemetery and general planting.

QUEEN OF THE PRAIRIE, (Climbing.) Grows to a height of 50 feet; bright rose color, large, compact and globular. The rapid growth, perfect hardiness, luxuriant foliage, immense clusters of beautiful flowers commends this rose to all.

TRUE OLD ENGLISH SWEET BRIAR ROSE, EGLANTINE. Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early spring frequently perfumes a whole neighborhood.

BALTIMORE BELLE, (Climbing). The best white climber; has been known to grow 20 feet in one year. Flowers very double, in clusters of a pale bluish color.

SALVIA, (Scarlet Sage). We would especially recommend the *Salvia Splendens* a bed of them surpassing the finest scarlet Geranium in brilliancy and continuous bloom. There are as many as two hundred spikes on a well grown plant. They flower until killed by frost. Pkt. 10c.

SALVIA.—(SCARLET SAGE).

Dont

fail to order the **DAKOTA NATIVE CHERRY** and the **DAKOTA NATIVE TREE CURRANT.** They won't freeze out or dry out; they are just the fruits to plant in the North and Northwest. Succeed well as far north as British Columbia.

LARGE FLOWERING MAMMOTH VERBENA.

Forest Trees and Tree Seeds.

We have built up a remarkable trade in the Forest Tree and Tree Seed line, for the reason that we furnish our customers with a **GOOD ARTICLE**. Our stock this season is bright and fresh and will please anyone who orders it. We pack and box in a thorough and careful manner, and take great pains to have stock reach our customers quickly and in good condition. Our responsibility ceases when delivered to carriers.

TREES.

Cottonwood, Box Elder or Ash, No. 1 per 1,000, \$2.25.
Cottonwood, Box Elder or Ash, No. 2, per 1,000, \$2.75.

Lilac.

Hardy flowering shrub. Should be planted in every garden in the Northwest. Each 30c.

TREE SEEDS.

Ash, or Box Elder, per lb. 40c.
Black Locust, or Honey Locust. Seed should be scalded before planting. Pkt. 5c, oz. 10c, lb. 65c.
Catalpa. (Hardy.) Pkt 5c, oz. 15c, lb. \$1.00.
Russian Mulberry. Pkt. 10c, oz. 30c, ½ lb. \$1.75.

Evergreen Seed.

Red Cedar. Perfectly hardy. Pkt. 5c, oz. 25c, ¼ lb. 75c, lb. \$2.65.
Norway Spruce. Pkt. 10c, oz. 25c, ¼ lb. 75c, lb. \$2.65.
Balsam Fir. Pkt. 10c, oz. 30c, ¼ lb. \$1.00.
White Pine. Pkt. 15c, oz. 40c, ¼ lb. \$1.25.
Arbor Vitæ. Pkt. 10c, oz. 30c, ¼ lb. \$1.00.

Lilac Seed.

Well known flowering shrub, highly ornamental. Pkt 10c, oz. 30c.

Hedge Seed.

Osage Orange. Pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 75c.
Barberry. Pkt. 10c, oz. 25c, ¼ lb. 60c, lb. \$2.00.

Our Ironclad Fruits.

The coming spring will be the most propitious for fruit planting that has been for a long time. Plenty of moisture in the ground from the abundant fall rains, and as one extreme always follows another, the probability is that we will have an abundance of rain, which will cause the spring-set fruits to root and thrive well. Our stock is fine, strong, and fresh. Get your orders in just as early as possible, as we are going to have a great rush. We pack in the best possible manner without extra charge. Should we be short on varieties ordered, will substitute others which we know to be equally as good, unless requested not to. Our three native fruits, viz: **DAKOTA NATIVE TREE CURRANT**, **DAKOTA NATIVE CHERRY** (See back cover) and **BUFFALO BERRY**, should be planted on every farm in the Dakotas, Minnesota, Nebraska, Iowa and the Canadian Northwest. No kill out to them, either by cold, heat or drought. All fruits will be sent by freight or express at purchaser's expense, unless otherwise stated. Our responsibility ceases when delivered to carriers.

DAKOTA NATIVE TREE CURRANT.

Dakota Native Tree Currant is the **easiest grown, and most valuable, hardy, and productive** fruit for the cold Northwest to be found in the country. **Never winter-kills, never suffers from drouth, never infested** with any kind of currant worm or insect of any description, and **never misses a bountiful crop** of rich, luscious fruit. They grow to a height of from 7 to 9 feet, and are the **best all-around fruit**, for a cold climate, in existence, unless it is our **Dakota Native Cherry**. The color is a rich, shiny black; size, that of a Concord grape, and begin bearing second year. They have a most pleasant and agreeable taste, and none of that flat, disagreeable taste so common to the ordinary black, or English currant, nor the bitter, sickening taste of the worthless native black low bush currant, which is utterly unfit for use. You will make no mistake in ordering these two **Dakota Native Fruits**. They are not experiments, but the best fruit for the Northwest in existence. We have tried these currants for nine years and found them to be all we claim for them; should be planted on all farms in Northwest. By express, 3 for 75c, ½ doz. \$1.40, 1 doz. \$2.50, 2 doz. \$4.50, 100 \$15.00.

DAKOTA NATIVE TREE CURRANT.

OUR REMOVAL

From Watertown to Sioux Falls of our entire business, places us in position to serve our customers much better than heretofore, on account of the great advantages in the way of mail, express and freight shipments. Sioux Falls has the finest and best equipped postoffice building in the entire Northwest, costing about \$200,000, and mail is handled both carefully and rapidly. We also have the advantage of four express companies, besides the inestimable privilege of making THROUGH SHIPMENTS on twenty-one different lines of railroads. Remember friends, that our entire business has been removed and that we have no seeds whatever on sale in Watertown, and that in order to get the **KI-OTE SEEDS**, that have attained a world-wide reputation, you will address all orders to

THE KI-OTE SEED CO.,

Sioux Falls, So. Dak.

Copyrighted 1898
 BY A. BLAND

Rene Pommler, Murray Co., Minn.—I was so well pleased with your seeds last year that I send you an order again this. Your Tomato, Radish, Beans, Onions, Melons and everything was wonderful.

Apples.

(CRABS.)

Hyslop—Large, deep crimson; one of the most beautiful of crabs; keeps well.

Siberian—Yellow and scarlet, handsome; tree erect, full grower and early bearer.

Whitney's No. 20—One of the largest of crabs, glossy, green, splashed carmine, firm, juicy, pleasant, great bearer; Price either variety, 1/2 doz. 3 to 4 ft. \$1.75, doz. \$3.00.

(APPLES.) **Duchess of Oldenburg**, (summer), **Fameuse**, (snow), and **Wealthy**, (fall), **Baldwin Ben Davis** and **Wine Sap**, (winter). Price, either variety, 1/2 doz. 3 to 4 ft. \$1.50, doz. \$2.50.

GLOWING COAL.

(FALL.)

Fruit is enormous in size, ordinary specimens weighing 16 to 20 ounces, glossy red on one side, the other

intense scarlet. Flesh fine quality, rich yellowish color, sub-acid flavor. Tree strong grower and heavy bearer.

RUBY GEM.

(FALL.)

This is also a beautiful apple, of the most brilliant red imaginable. Flesh snowy white, tender, juicy, mild, sub-acid and simply delicious. Tree even a stronger grower than "Glowing Coal," and an enormous early bearer. Price of either of the above varieties, 1st. class 75c. mailing size, 50c. each, postpaid.

Ontario, Canada, Dec. 18th., 1894. Kindly send me your Catalogue of seeds for '95. I got \$1.00 worth of seeds from you last spring and they were all good. The Tree Tomato was the best tomato ever seen in this part of the country. That is the decision of my neighbors to whom I gave some plants, Wm. MACKLIN.

BERRY.

Buffalo Berry.

This is a DAKOTA NATIVE IRON-CLAD FRUIT, that will stand any amount of freezing and still bear profusely. We have seen hundreds of these trees that were 16 to 20 feet in height, loaded with choice, rich, red fruit, the size of our illustration. Fruit, acid, until after frost, when it becomes very rich and palatable. Makes the finest jellies in the world. Tree very ornamental. One of the best fruits for the Northwest. Some of them bear pistillate and others staminate flowers, therefore one tree growing alone will not bear fruit. Should be at least 1/2 doz. planted together. Per 1/2 doz. \$1.25, doz. \$2.25.

CHILD'S EVERBEARING TREE BLACK-BERRY.

Mr. Childs says, "that this is the LARGEST, finest flavored, and most prolific blackberry grown, fruiting successively for two months. Grows from 5 to 7 feet high, branching freely into a fine tree form, straight and erect, requiring no stakes. He says that it is perfectly hardy in the coldest parts of the country, which, with its great productiveness, delicate flavor, enormous size, and long season of bearing, makes it the most valuable of all blackberries, Each 30c., 1/2 doz. \$1.50, doz. \$2.50.

Snyder Blackberry. Hardy and prolific. Per doz. \$1.00, per 100, \$5.00.

Lucretia Dewberry. Extremely hardy. Per 1/2 doz. 60c., doz. \$1.00.

CHILD'S EVERBEARING TREE BLACK-BERRY.

Grapes.

THE LINCOLN PLUM.

The largest, hardiest and most prolific plum ever introduced. Is entirely curculio proof. Its productiveness simply beyond description. Color, reddish purple, juicy rich, sweet, melting and luscious. The very best plum to be found. Each, 75c. 1/2 doz. \$3.50, doz. \$6.50 by mail postpaid.

Weaver, DeSoto and Wild Goose. Either variety. 1/4 doz. \$1.75. doz. \$3.25.

MULBERRIES.

Siberian Giant, is the largest, finest hardiest and most prolific variety in cultivation. Each 15c., 1/2 doz. 75c., doz. \$1.25, 100 \$7.00.

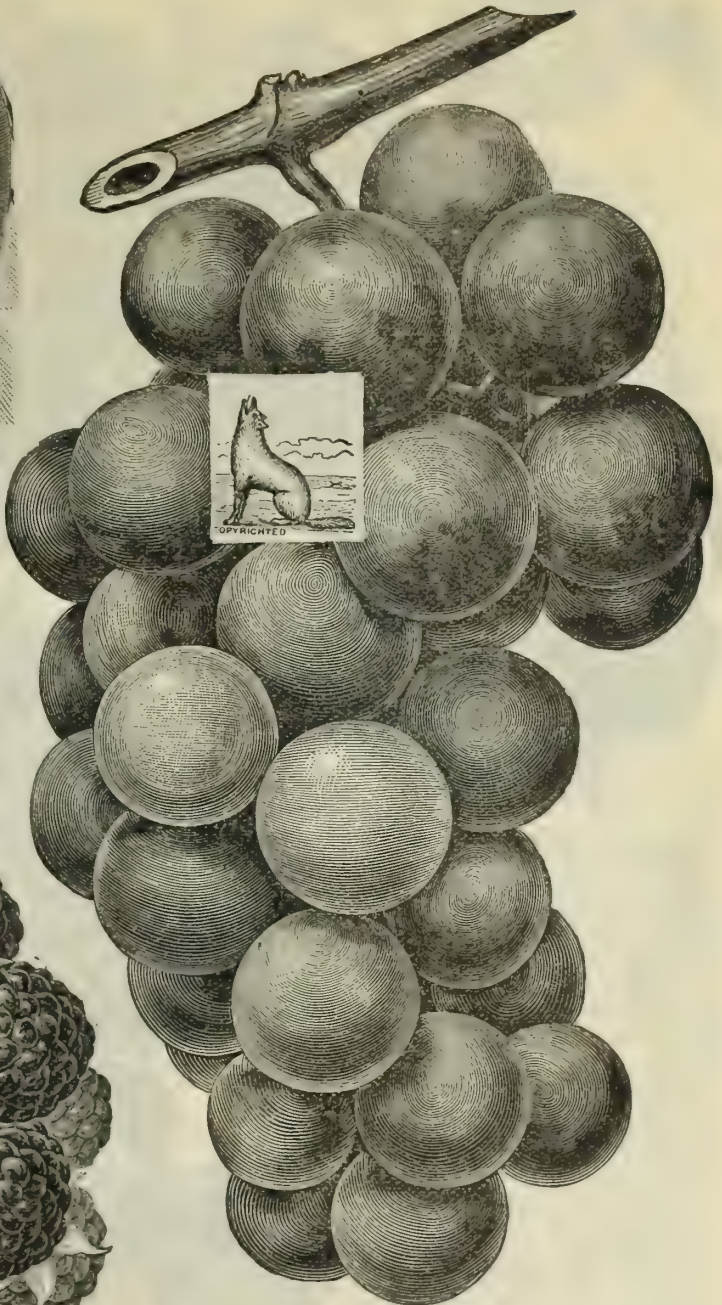

ALASKA JUNE BERRY.

This is a native of Alaska, and is therefore the hardiest variety in cultivation. Fruit the size of ordinary cherries, and is most delicious. Each 25c., 5 for \$1.00.

LOVETT'S BEST, or \$1,000 RASPBERRY.

This has proved itself to be by far the very best black raspberry that has ever been put upon the market. IRONCLAD in HARDINESS, enormous yielder of fine, large fruit. Early and firm. 1/2 doz. 75c., doz. \$1.25, 100 \$7.00.

EARLY OHIO GRAPE.

The very earliest black grape known, ripening ten days to two weeks before Moore's Early. The greatest drawback in growing grapes in the northwest has been on account of not being able to get varieties that were early enough to ripen before frost. This difficulty can be entirely overcome by planting the EARLY OHIO. They are VERY HARDY, strong, healthy, robust growers, and are wonderful heavy bearers of large, rich, luscious fruit. Don't throw your money away on late varieties that are not adapted to the climate. Each 75c., 6 for \$4.00, postpaid.

Moore's Early. 1/2 doz. \$1.40, doz. \$2.50.

Concord. 1/2 doz. \$1.00 doz. \$1.75, 100 \$8.00.

CHERRIES.

Early Richmond and Morello. Either variety, per 1/2 doz. \$1.90, per doz. \$3.50.

FRUIT SEEDS.

For spring planting, Plum, Peach, Apricot and Cherry seed should be carefully cracked and kernels removed from shell. Apple and Crab seed should be scalded and then soaked for three days before planting.

Currant, Gooseberry, Raspberry, Strawberry, and Blackberry. Pkt. 10c, oz. 80c, ¼ lb. \$2.50.

Apple and French Crab. Per pkt. 5c, oz. 15c ¼ lb. \$1.25.

Russian Apricot, Peach, Cherry, and Plum. Pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 80c.

RASPBERRIES.

Turner. Red, very hardy. Doz. 50c, 100 \$1.75.

Gregg. Large, late blackcap. Per doz. 75c, 100 \$2.50.

Early Ohio. Black, hardy, very early and prolific. Per doz. 75c, 100 \$2.50.

\$50.00 WATCH.

ALL FRUIT PLANTS will be sent at expense of the purchaser, unless otherwise stated.

NEW EVERBEARING OR ALL SUMMER RASPBERRY.

This is said to be the most desirable raspberry novelty ever introduced. The fruit is of very large size, rich red color and excellent quality. It is an everbearer, commencing to ripen its large berries in July, and continues until killed by autumn frosts. Is said to be extremely hardy, and is very early, which makes it a very desirable variety for northwestern planting. Each 25c, 3, 60c, ½ doz. \$1.00, doz. \$1.75, 100 \$10.00.

JAPANESE WINEBERRY.

This interesting plant is a large, robust grower, perfectly hardy and enormously prolific. The berries are of a beautiful, translucent appearance, running through all the shades of amber to crimson as they ripen. A bush in full fruiting is a sight not readily to be forgotten and a decided ornament to the garden. When cooked it is grand, retaining its rich and sprightly flavor, and surpassing when canned or preserved even the huckleberry. For jelly making it is without an equal, exceeding for this purpose the Currant, Quince and Crab Apple. It begins ripening in July, the berries are produced in great abundance and it continues in bearing for a long time. ½ doz. \$1.00, doz. \$1.75.

CURRENTS.

Fay's Prolific. ½ doz. \$1.00, doz. \$1.75.

Red Cherry, White Grape and Black Naples. Either variety ½ doz 60c, doz. \$1.00.

GOOSEBERRIES.

Industry. Per ½ doz. \$1.40, doz. \$2.60
Houghton and Downing. Either variety ½ doz. 75c, doz. \$1.25.

JAPANESE WINEBERRY.

The Very Best Of Implements.

ACME HAND POTATO PLANTER.

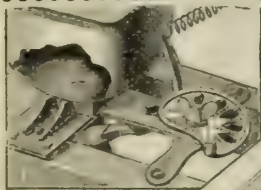

Simple, durable, practical. Works perfectly in clay, gravel or sandy soil, sod or new ground. Plants at any and uniform depths in moist soil. Makes the holes, drops and covers at one operation. Insures larger crop; no stooping; no backache. One man plants two acres a day. Puts the tuber into the moist soil where it will start quick. Price \$1.20 each, two for \$2.25.

EXCELLO CORNSHELLER.

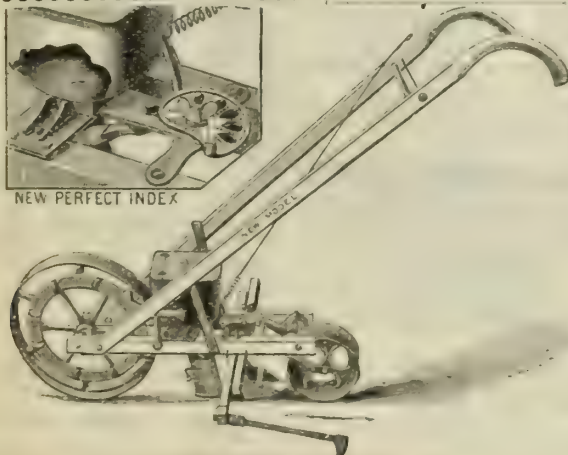

This is an upright, one-hole sheller, capacity about 15 bu. per hour, and one of the very best made. Strong, durable, and a rapid sheller. Only \$9.75.

For Death to Bugs

See First Page of Catalogue.

NEW PERFECT INDEX

NEW MODEL DRILL.

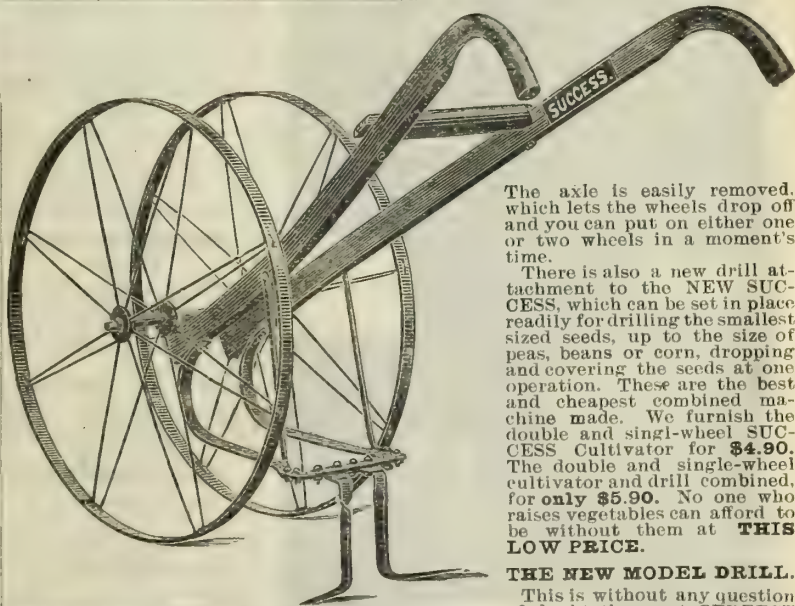

SUCCESS CULTIVATOR AND DRILL COMBINED (Fig. 1).

The NEW SUCCESS is the most PERFECT Garden Cultivator that has yet been put upon the market. We have tested them thoroughly for the four past seasons, having them in practical operation, in fact have discarded all others, and now use only the NEW SUCCESS on our own grounds. Notice the HIGH WHEEL, (which is 2½ ft.) which proves conclusively that it is no toy.

The high wheel enables the operator to push it rapidly, without exertion, covering three times the amount of ground in a day, as can be done with the low wheeled, hard-running wheel hoe.

Figure 1 shows the SUCCESS rigged for cultivating between the rows; figure 2 shows it rigged for cultivating both sides of the row at one operation.

The axle is easily removed, which lets the wheels drop off and you can put on either one or two wheels in a moment's time.

There is also a new drill attachment to the NEW SUCCESS, which can be set in place readily for drilling the smallest sized seeds, up to the size of peas, beans or corn, dropping and covering the seeds at one operation. These are the best and cheapest combined machine made. We furnish the double and single-wheel SUCCESS Cultivator for \$4.90. The double and single-wheel cultivator and drill combined, for only \$5.90. No one who raises vegetables can afford to be without them at THIS LOW PRICE.

THE NEW MODEL DRILL.

This is without any question of doubt, the most PERFECT Garden Drill manufactured, and the most DURABLE and RELIABLE. The new perfect index contains the names of the principal seeds, which shows you plainly just how to adjust the plate for sowing the particular kind of seed. It opens the furrow, plants and covers the seed, and packs the dirt on the row, while it marks the next row plainly. Price of New Model \$6.50. We will furnish the New Model Drill, and the double and single-wheel Success Cultivator for \$10.40.

PLANET JR., Combined Drill and Cultivator \$7.75.

PLANET JR. ALL STEEL HORSE HOE.

Best Horse Cultivator made. Every farm ought to have one for cultivating corn, Potatoes and all kinds of vegetables. Price only \$7.50.

HAND WEEDERS.

Langs, By Mail, 30 Cents.

Hazeltine's, By Mail, 30 Cents.

THE PERFECTION BAG-HOLDER.

This is one of the very handiest articles that any farmer can have about the granary or barn. No farmer can afford to be without a bagholder. We have put the price for '95, only 20c each, or 2 for 35c, postpaid.

Mrs. Mary Wassenberg, Sheridan county, Neb: I never had such a nice garden as last year from your seeds. I am well pleased with all the seeds I had from you.

ERROR. The price of Planet Jr. Combined Drill (on previous page) should read \$8 75, instead of \$7.75.

DROUGHT TESTED

Varieties of Dakota Grown Seed Corn.

A word to the wise should be sufficient.

Farmers, owing to the very great scarcity of GOOD, SOUND, RELIABLE, DAKOTA GROWN SEED CORN, your local Grocery and Feed stores will no doubt ship in the large varieties of corn from Iowa and Minnesota, and offer to sell it to you for Seed corn. YOU COULD NOT AFFORD TO TAKE THIS CORN AS A GIFT, if you expect to grow and mature a crop of corn. The past season's drought has been the most severe of any since the settlement of the country; nevertheless our stock of Dakota Grown Seed Corn is sound, plump, thoroughly acclimated and of strong vitality. Our prices are as low as corn of this class can be sold for. However, it is very inexpensive to seed an acre of land with corn; even at \$2.00 per bu. it only costs 25 cents. You cannot afford to take any chances on so valuable a crop. Suppose you would buy shipped in seed at \$1.00 per bu., and you failed to get a good stand, or the frost would come ten days before it was ripe. In either case you would kick yourself for not having sent direct to the Ki-Ote Seed Company, where you would have got reliable seed.

DAKOTA GOLD COIN.

We first introduced this variety Eleven years ago, and have grown it every year since, and can say that in all that time, with the single exception of one year, we have never been able to fill all our orders, having to return money for it that was sent in after we were sold out. IT STILL STANDS AT THE HEAD of all other dent varieties for earliness and yield. Very small cob, deep grain, and of a beautiful Golden color. 70 lbs. of ears will shell from 60 to 64 lbs. of corn. Our illustration shows the natural size of the ear. It grows to a good height, the ears well up on the stalk and is very easy to husk. Per lb. 25c., 4 lbs. 80c., postpaid. By freight or express, pk. 75c., ½ bu. \$1.40, bu. \$2.50, 2½ bu. \$5.50.

EARLY WHITE RUS-TLER.

This is the earliest White Dent corn in cultivation, and is one of the very best of yielders. Lb. 20c., 4 lbs. 65c., postpaid. By freight, Pk. 60c., ½ bu. \$1.00, bu. \$1.90. Bags free.

CHAMPION WHITE PEARL.

This is a fine, large, very early and productive White Dent corn. Lb. 25c., 4 lbs. 80c., postpaid. By freight, pk. 75c., ½ bu. \$1.35, bu. \$2.25, 2½ bu. \$5.00. Bags free.

QUEEN OF THE NORTH.
Early yellow dent. Lb. 20c., 4 lbs. 65c., postpaid. By freight pk. 60c., ½ bu. \$1.00, bu. \$1.85, 2½ bu. \$4.25. Bags free.

GREAT NORTHERN.

A fine, large, early flint. Lb. 20c., 4 lbs. 65c., postpaid. By freight, pk. 65c. ½ bu. \$1.10, bu. \$2.00, 2½ bu. \$4.65. Bags free.

NORTH DAKOTA.

Extremely early. Just the corn for the Canadian Northwest. Lb. 25c., 4 lbs. 80c., postpaid. By freight, pk. 70c., ½ bu. \$1.20, bu. \$2.25. Bags free.

DAKOTA SQUAW CORN.
Very early and prolific. Lb. 25c., 4 lbs. 80c., postpaid. By freight, pk. 75c., ½ bu. \$1.30, bu. \$2.25. Bags free.

FODDER CORN

Giant Southern Ensilage.
For fodder only. By freight, pk. 50c., bu. \$1.50, 2½ bu. \$3.50.

Iowa Ensilage. Pk. 40c., bu. \$1.25, 2½ bu. \$2.75.

Kaffir Corn. Pkt. 5c., lb. 20c. 5 lbs., enough for 1 acre, 75c., postpaid. Freight, 10 lbs. 80c., 100 lbs \$6.00.

Jerusalem Corn. Pkt. 5c., lb. 25c., 5 lbs. \$1.00, postpaid.

DWARF ESSEX RAPE.

A forage plant for sheep and cattle, yields 4 times the quan-

tity of millet. Sow 3 lbs. per acre. Lb. 40c., 3 lbs. \$1.00.

BROOM CORN.

Early Japanese. Lb. 20c., 4 lbs. 65c., postpaid, freight, 10 lbs. 90c., 100 lbs. \$7.00.

Evergreen. Lb. 20c., 4 lbs. 70c., postpaid, freight, 10 lbs. \$1.00, 100 lbs. \$7.00.

SUGARCANE.

Early Orange or Early Amber, either variety, by mail, lb. 20c., 4 lbs. 70c., freight, 10 lbs. 90c. 100 lbs. \$5.75.

BUCKWHEAT.

Early Japanese, by mail, lb. 25c., freight, pk. 50c., bu. \$1.50.

SUNFLOWER.

Mammoth Russian, by mail, pkt. 5c., qt. 25c., 5 qts. for one acre, \$1.00, freight, 10 qts. \$1.35.

CLOVER & GRASS SEEDS.

(Prices subject to fluctuation.)

Common Red and Mammoth Red, either variety, No. 1, lb. 30c. by mail, freight, pk. \$1.90, bu. \$6.95. No. 2, either variety, slightly mixed with timothy (which makes it much better). Lb. 25c., by mail, freight, pk. \$1.75, bu. \$6.50.

White Clover, No. 1, mail, lb. 35c., by freight, pk. \$3.75. No. 2, (slightly mixed with alsyke, which makes it better for pasture). Mail, lb. 30c., freight, pk. \$3.00.

Alfalfa, or Lucerne, Mail, lb. 30c., freight, 20 lbs. enough for 1 acre, \$2.50, bu. \$6.85.

Alslyke, or Swedish Clover. (Contains a little timothy), mail, lb. 30c., freight, 12 lbs. for 1 acre, \$2.20, bu. \$8.25.

Kentucky Bluegrass. Mail, lb. 30c., freight, pk. 60c., bu. \$2.25.

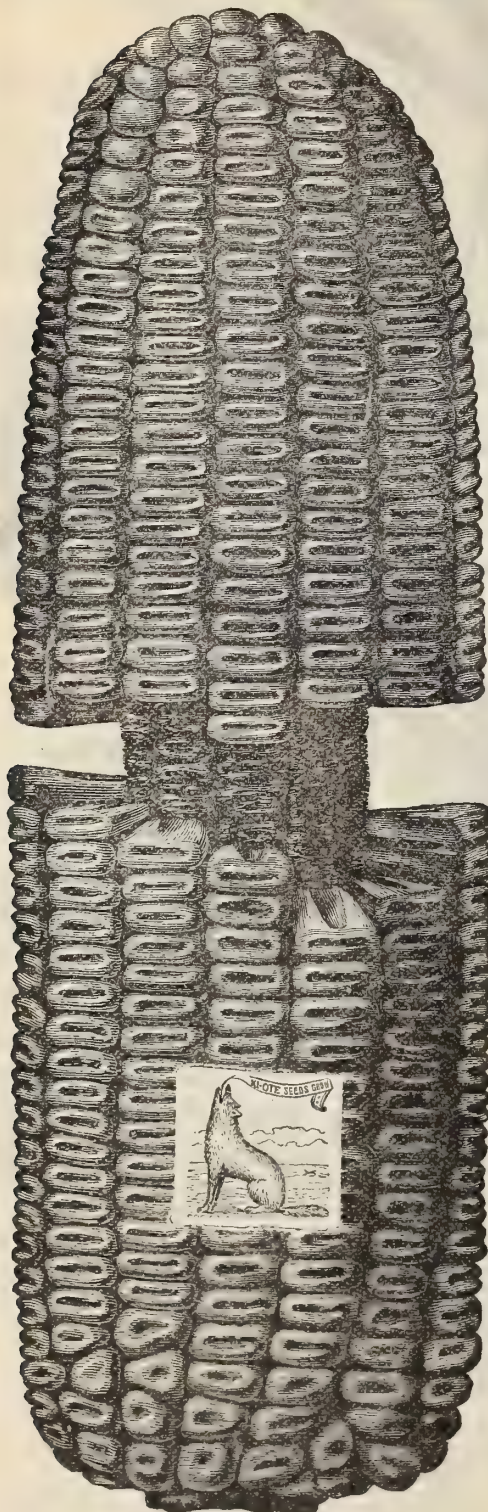

Red Top. No. 1, mail, lb. 25c., freight, pk. 50c., bu. \$1.75. No. 2, pk. 40c., bu. \$1.25.

Orchard Grass, and Rye Grass, either variety, mail, lb. 30c., freight, bu. \$2.50.

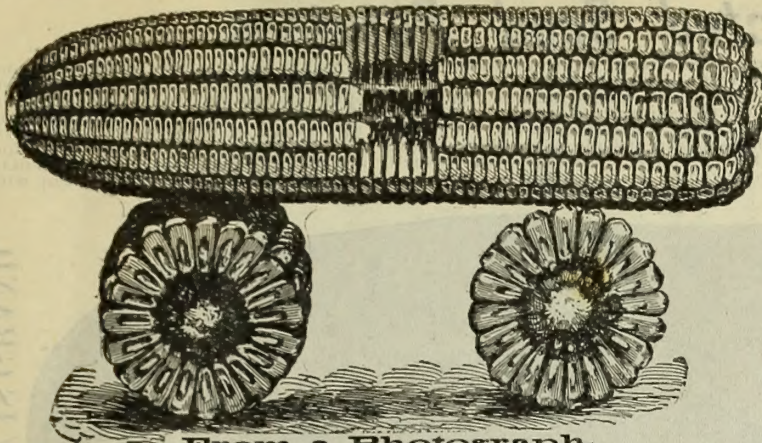

Lawn Grass Mixture. No. 1, mail, lb. 35c., freight, bu. \$3.00, No. 2, mail, lb. 30c., freight, bu. \$2.50.

Timothy, freight, pk. 90c., bu. \$3.15.

Artichokes. By mail, lb. 25c., 4 lbs. 80c., freight, pk. 90c. bu. \$2.50.

DAKOTA GOLD COIN.

From a Photograph.
Dakota Gold Mine.

This is what was originally the Iowa Gold Mine, but since we have introduced it into Dakota, and find that it is adapted to our soil and climate, getting it thoroughly acclimated, we have named it the **DAKOTA GOLD MINE**, as the profits to farmers who have grown it pronounce it equal almost to a veritable Gold Mine. It is a magnificent golden yellow color, deep grain, small cob, and a heavy cropper. While it is not quite as early as our Gold Coin, it is much larger, hence a heavier yielder. It is also a dent corn, and the finest you ever saw, Lb. 25c. 4 lbs. 75c. postpaid. By freight pk. 65c., 1/2 bu. \$1.20, bu. \$2.25, 2 1/2 bus. \$5.00.

DAKOTA GOLD DOLLAR.

This is without question the finest yellow flint corn to be found. Ears grow from 10 to 14 inches in length, beautiful Gold color, and a wonderful, heavy yielder of fine, large, sound ears. Just the variety to plant where seasons are short, and where dent corn will not ripen, as it is **EXTREMELY EARLY**. Farmers, you can make **GOLD DOLLARS** raising this variety. Lb. 25c., 4 lbs. 75c., postpaid. By freight, pk. 75c., 1/2 bu. \$1.20, bu. \$2.25, 2 1/2 bus. \$5.00. Bags free.

BARLEY.

On account of hard times we have put our prices on Barley extremely low. Will furnish good, clean seed barley, **The Prolific**, for only 75c. per bu.

Manshury Barley. One of the very best varieties grown. Pk. 40c., bu. \$1.00.

Success Barley. A smooth, beardless head, and immense yield. Stock limited. Pk. 80c., 1/2 bu. \$1.50, bu. \$2.50.

WHEAT.

Dakota Blue Stem. Choice, clean, graded seed, but slightly mixed by threshing machines. Bu. \$1.00, 5 bus. \$4.50.

WINTER RYE.

This crop can be made the most valuable by sowing it in your corn fields just before plowing your corn the last time, then as soon as corn will do to cut, re-

move it from the land and pasture your Rye crop all fall, then let stand over winter.

Salzer's Monster Rye, pk. 40c., bu. \$1.10.

MILLET SEED.

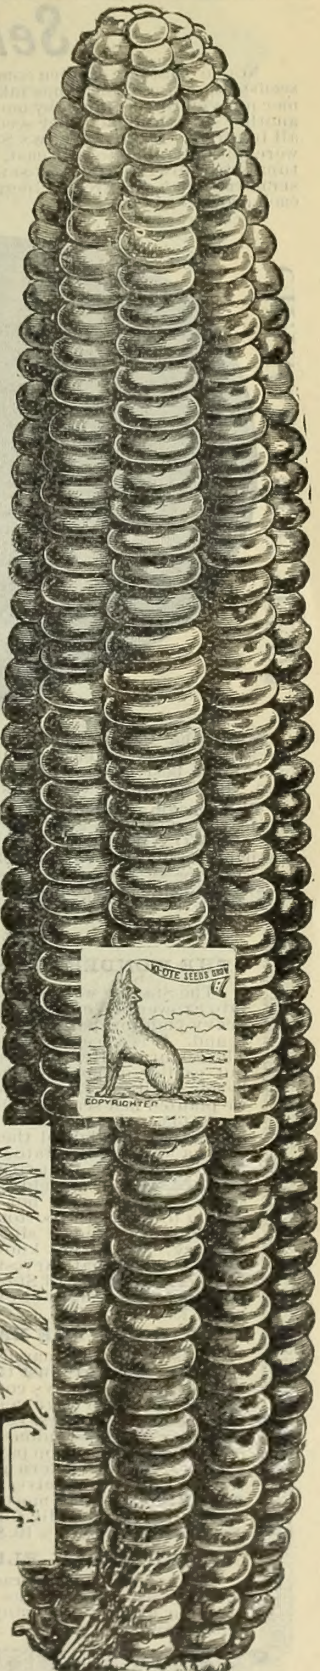

Millet seed has never been so complete a failure in the history of the country. The millet producing sections all report nearly a total failure. Many will want millet seed who will be unable to get it at any price. Better order early. Prices on millet are subject to fluctuation.

Common Millet, Per bu. \$1.45.

Dakota German, Per bu. \$1.55.

The "**Holy Terror Gold Mine**" Millet. (See description and price under the Sod Shanty.)

New Manitoba. The best hog millet grown. Mail, lb. 25c., 4 lbs. 80c., freight, pk. 65c., 1/2 bu. \$1.00, bu. \$1.75.

DAKOTA GOLD DOLLAR.

The Lincoln Oats have a record yield on land at 105. per acre, which was grown in 1893, by A. M. Hightower, of Stevensville, Mont. They are without a rival for yield, and are recommended as being rust proof. The very finest and most valuable new sort yet introduced. Mail, lb. 25c., 4 lbs. 80c., freight, pk. 50c., bu. \$1.10, 5 bu. \$4.75.

White Wonder. Immensely productive. Large, plump grain; do not rust. Mail, lb. 20c., freight, pk. 40c., bu. \$1.00.

White Dakota. An old stand-by Dakota variety. A little mixed, hence our low price. Freight, bu. 80c., 5 bu. \$3.75, 10 bu. \$7.20, 150 bu. \$34.50, 100 bu. \$85.00.

Selected Seed Potatoes.

Notice that our eastern competitors always boom DAKOTA GROWN SEED POTATOES as the very best in the world; one seedsman saying that he has taken seed from Michigan and New York, and planted beside DAKOTA GROWN SEED, the former not yielding as much by more than one-third. One thing sure, that seedsman knows what he was talking about, and another sure thing no other seed house in the country will be able in 1895 to supply their customers with that greatest of all luxuries, "DAKOTA GROWN SEED POTATOES," for the reason that the extreme drought cut the crop so short that there were not only none to ship east, but thousands of bushels shipped into Dakota for eating purposes. Well, we were fortunate in GROWING OUR OWN SEED. Although not extra large like they usually are, we have excellent seed, CAREFULLY SELECTED, that will greatly increase your yields. Full instructions of just how to grow big crops of potatoes, sent with each order.

CHANGE YOUR SEED.

THE STANLEY IS GRAND.

Manitoba Pearl. These are a fine, white, potato of extra fine quality, and a very large yielder; medium late; one of the best market potatoes. Lb. 25c, 4 lbs. 80c, postpaid. By freight or express, pk. 75c, bu. \$2.00.

The Freeman. Said to be the very earliest potato. While the quality is good, they are not a heavy yielder like our WONDERFUL STANLEY. Lb. 30c, 4 lbs. \$1.00 postpaid. Freight or express, pk. \$1.00, ½ bu. \$1.65, bu. \$3.00.

Prolific Beauty. This is one of the best cookers we have in the list, also one of the earliest and best yielders. They yielded large for us the past dry season. Lb. 30c, 4 lbs. \$1.00, postpaid. By freight or express, pk. 85c, bu. \$2.50.

Early Ohio. One of the very best early potatoes, fine quality, good keeper. Lb. 25c, 4 lbs. 80c postpaid. By freight or express. Pk. 75c, bu. \$2.00.

Back Cover Specialties.

THE WONDERFUL STANLEY POTATO.

The Stanley was originated by an extensive potato grower of Vermont, and is one of the earliest heavy yielding potatoes and surest croppers to be found. It is a seedling of that grand, early potato, The Beauty of Hebron, resembling it considerably, but earlier, a heavier yielder, finer grained and better quality. The heaviest yielders of any variety we planted last season. Side by side with the Freemans, planted same day, with same cultivation, the STANLEY outyielded them five to one. This is truly a wonderful potato in earliness, size and keeping qualities. Notwithstanding the extreme drought, we had a yield of 150 bu. per acre of fair sized potatoes, with not enough rain during the season to wet to the bottom of the furrow. No such drought ever known since the settlement of the country. We do not know of anyone in the same neighborhood that harvested 30 bushels per acre of any variety. Price of Stanley, 1 lb. 30c, 4 lbs. \$1.00, postpaid. By freight or express, pk. 90c, ½ bu. \$1.50, bu. \$2.75.

KING OF THE EARLIEST ONION.

This is the most magnificent Early Onion in cultivation. They are just the kind to grow for early market, as they always come in when onions are a high price. Farmers, you can make MORE MONEY on an acre of these onions than you can on 100 acres of 40-cent wheat. Stop paying the merchants \$1.50 to \$3.00 per bu. for eastern grown onions, and supply the markets yourselves. OUR KING OF THE EARLIEST is the most profitable onion in the world to grow specially for market. Pkt. 10c, 3 pkts. 25c, oz. 30c, ¼ lb. 80c, ½ lb. \$1.35, lb. \$2.40.

OUR EARLY ELECTRIC RADISH.

We have named this radish "The Early Electric," for the reason that it has proved itself EARLIER than any other of the many varieties tested on our trial grounds the past season. We are always

searching for the EARLIEST and BEST of everything, and we can assure our customers that our "Early Electric" is the EARLIEST and BEST radish in cultivation. Tops very small, color red, olive shaped, very tender and crisp, and very slow to run to seed, quick growth and mild flavor. Our market gardeners won't have anything else for FIRST EARLY. Pkt. 10c, 3 pkts. 25c, oz. 20c, ¼ lb. 45c, lb. \$1.35.

OREGON EVERBEARING STRAWBERRY.

We only offer the one variety of strawberry for the reason that it is a GENERAL PURPOSE, all-around variety. Both early and late, continuous bearers of fine, large fruit, as shown in illustration. It is said to begin bearing the latter part of May, and continue until frost. Comes highly recommended, either for home or market use, and to thrive in all soils. The VERY BEST berry ever offered. A customer writes to us, "They began ripening May 29th, and at this time (August 1st), the vines are full of blossoms, half grown berries, and berries fit for table. Price, by mail, per ½ doz 50c, doz. 90c. By express, per 100 \$2.25, per 1,000 \$15.00.

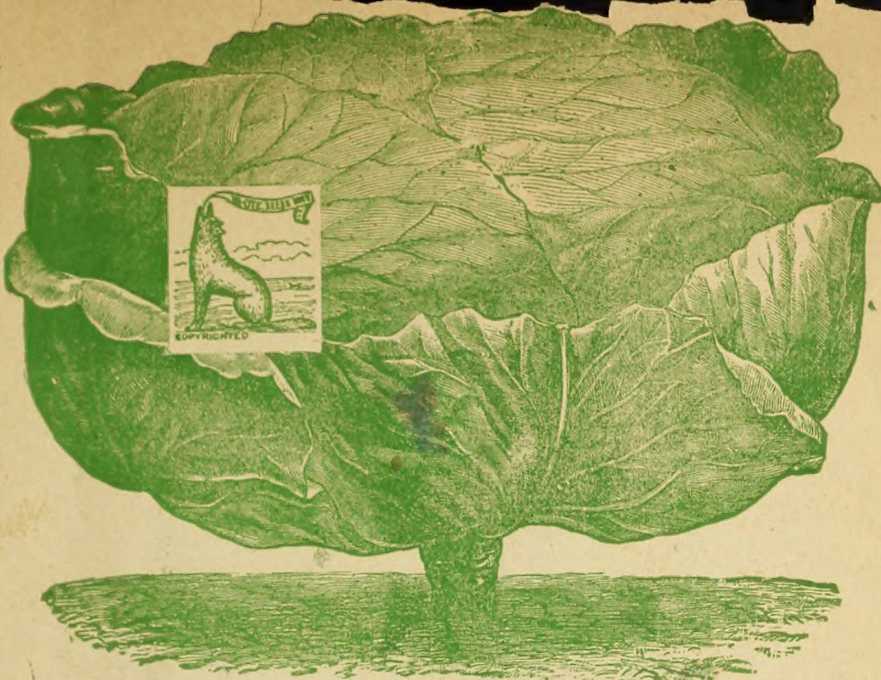

DAKOTA NATIVE CHERRY.

This is the most productive fruit known. One grower writes that he picked 16 qts. off a 3-yr.-old bush, and 80 cherries from a single branch 12 inches long, from a 2-yr.-old bush. Bush blossoms very early, and ripens about Aug. 1st. Bears second year from planting. Grows to a height of 5 feet. In flavor akin to the sweet cherries, and for preserves or for eating from the hand, has no equal in the line of pitted fruits. It has never been known to have been affected in the least by any kind of insect or disease. Known by some as the sand-cherry, and is Iron-clad in hardness, standing the winters perfectly as far north as British Columbia. No garden in the Northwest complete without them. Price, 3 for 75c., 6 for \$1.40, doz. \$2.50. By Express, 50 for \$9.00, 100 for \$16.50.

**SHORT STEM DRUM
HEAD CABBAGE.**

This variety far surpasses the old strain of Large Late Drum-head Cabbage, ripening earlier, with very short stock or stem, forming larger and thicker heads of fine quality and the best of keepers. Owing to our long continued selection for several years past, this variety is remarkable for reliability of heading every one who plants I can expect at least ninety-eight large, solid heads from every one hundred plants. Our customers in the north and in all other sections where many varieties fail to head, will find the Short Stem Drum-head a sure thing and can depend on big crops every time. It heads the 1st of the winter Drum-heads. Pkt. 10c, oz. 25c, 2 oz. 60c, 1/2 lb. \$1.00, lb. \$3.00, 2 lbs. \$5.50.

Mrs. Ida Cook, Box Butte county, Neb: We have been planting your seeds for the last two years and find they are all you claim them to be.

In the New Dixie we have a new Watermelon of excellent merit and we can recommend it to our customers as the **BEST SHIPPING MELON** grown, being larger, earlier and far more productive than the Kolb's Gem, which has heretofore been considered the best melon for shipping. Pkt. 10c, oz. 20c, 1/2 lb. 60c, lb. \$1.25.

GLODY OF ASIA WATERMELON.

Absolutely the **VERY EARLIEST** watermelon grown, ripening the past season in localities where all others were a flat failure. The Glory of Asia is a melon that should be planted in every garden in the land, on account of its delicious flavor and extreme earliness. It grows to a weight of about 10 lbs., just the right size to be good. Oval shape, flesh dark red, very small seed. The finest, sweetest, earliest, most delicious of all, and we guarantee that you will surely pronounce it the "Peer of All," after tasting the delicious, juicy richness of Glory of Asia. Pkt. 10c, oz. 25c, 1/2 lb. 65c, lb. \$2.00.

Geo. Smiley, Lander, Man.: Your seeds did well with me. I took prize on onions. I expect to get more seeds from you in the spring.
